Fire Razes Club House at Golf Course

Flames Damage Silver Lake Golf Club, 2 Homes

Flames, which are believed to have started in the wiring of the club house at the Silver Lake golf course in Orland township Saturday night, swept thru the entire structure. The damage was estimated at \$350,000. Firemen from three departments, Orland Park, Tinley Park and Palos Park, fought the blaze for several hours.

Guests Attend Dedication of Sign at NIKE

Dedication of the first 13th battalion NIKE site directional sign was held last week. On Tuesday, Jan. 22, major general Eugene F. Cardwell, command general of the 5th AA regional command made his annual visit to the Orland NIKE site to conduct a survey and inspect administrative procedures, housing and general welfare of the troops.

The directional sign was installed at the junction of highway 6 and 108th ave. Lt. colonel Fred L. Ross, commanding officer of the 13th AAA Missile Battalion, was host to a group of distinguished visitors, among whom were Edmond Moss, fire chief; Mayor Jeffords and Harold Moore, police chief, all of Tinley Park. Also, Fred Yunker, township supervisor; Mayor W. R. Schussler and Frank Guetter, acting police chief, of Orland Park.

Military guests were Major Webster, executive officer of the 13th battalion, Captain Underwood, representing the 22nd AAA group, and Lt. Hermann, commanding officer, headquarters battery, 13th AAA Missile Battalion.

Following the dedication ceremonies, guests enjoyed a luncheon at Battery "B" dining hall.

General Cardwell was accompanied on his inspection of the quarters by Col. Hammond, commanding officer of Fort Sheridan; Col. Folk, commanding the 45th AA Brigade and his aid Capt. Beinke. The general expressed pleasure with the general appearance and operating procedures of the unit.

Forms First Tri Hi-Y Club In Palos-Orland

Miss Marilyn Scheuer, Carl Sandburg high school English and Latin teacher, was chosen to sponsor the Pi Omega Tri-Hi-Y club, the first to be formed in the Palos-Orland area.

The Pi Omegas have a membership of twelve, which they hope to increase to twenty. The officers are Merle Martin, president; Kay Rice, vice president; Florence Dix, secretary, and Debbie Radosevich, treasurer. Other members are Anita Love, Barbara Blount, Mary Alfirevic, Marion Mawhinnee, Wendy Moore, Janet Maue, Mickey Lucas and Arlene Kamis.

Tri-Hi-Y is a branch of the YMCA. Each semester the club program includes social, physical, service, educational and devotional activities. Devotional activities are nondenominational.

The Pi Omegas meet on the first and third Tuesdays of each month from 7:30 to 9 p.m. in the members' homes. Girls interested in joining, or in forming a club, should contact the sponsor.

Three fires causing damage of approximately \$375,000 occurred in the area over the weekend. The club house of Silver Lake golf club, Orland township, and the home of James Shipley, Anderson road, New Lenox, were practically destroyed and the farm home of Raymond Sippel south of Frankfort in the north end of Peotone township was considerably damaged.

The golf club fire damage was placed at \$350,000, which is covered by insurance. The Shipley's loss is estimated at \$20,000 of which \$5,000 represents furnishings and personal belongings. There are seven in the Shipley family, the parents and five children, and the only thing they have left, are the clothes they were wearing when the fire broke out Sunday afternoon. The fire is said to have started (Continued to page 2)

Open House To be Held at Nursing Home

Open house at Silver Cross School of Nursing, Joliet, will be held on February 8 and 9 this year with programs designed to interest parents and prospective students.

Parents will be entertained on Friday evening, Feb. 8 when the faculty of the school will present a panel discussion of the duties of a student nurse and qualifications and preparation for a successful career in nursing. This will be presented in the assembly room beginning at 8 p.m.

On Saturday afternoon, Feb. 9, the program will open with tours of Silver Cross hospital and the school beginning at 1 o'clock. Guests who intend to take a tour should assemble in the main lobby of the hospital on Walnut street. At 2:30 p.m. a program will be presented in the assembly room of the nursing school. Refreshments will be served on both occasions by the hospital Advisory Board.

The next pre-entrance test for girls interested in nursing as a career will be held at Silver Cross School of Nursing, Joliet, on Saturday, February 16. The next class will enter on August 27.

4-H Plans Tractor Maintenance School At Lincoln-Way High

Plans are now underway for the annual tractor maintenance school in Will county.

The school will be held at Lincoln-Way high school in February. Dates will be announced soon. Units on tractor maintenance, costs, and farm machinery are offered. No 4-H boy or girl who operates a tractor can afford to miss this training, it was pointed out.

For further information one may contact Alden Hickman, assistant farm adviser.

The first oil pipe line was of wood construction, five miles long, and had a capacity of 800 barrels daily.

Palos Park Pastor to Address Carl Sandburg PTA on Jan. 31

The Rev. Roger Marxsen, pastor of the Church of the Transfiguration at Palos Park, is to address the Carl Sandburg high school PTA next Thursday night at 8 o'clock. The meeting will be held at the school, 133rd and LaGrange rd., Orland Park.

The Rev. Mr. Marxsen's subject is "Where Do We Go From Here?" According to the PTA paper, For Parents Only, the speaker will take up the question of whether "our educational processes and cultural patterns are producing a new character type in America as some sociologists and contemporary thinkers believe."

The "role that school, church and family can play in deflecting or altering such a process and whether it is desirable or inevitable," will be presented by the speaker.

The Rev. Mr. Marxsen is a graduate of Northwestern university and Seabury-Western Theological Seminary. Before entering the ministry he was employed in labor and public relations by International Harvester.

The meeting will be opened with an invocation by the Rev. J. M. Yarbrough, Hickory Hills.

A nominating committee, which will name the candidates for major executive offices to be voted on at the March meeting will be selected at the business session. The treasurer's report will be available to all members. Voting on scholarship funds is to be conducted under the direction of Mrs. Chester A. Williams, Orland Park, president, and a proposal for establishing a revolving loan fund.

On Jan. 8 the executive board received, among other things, recommendations from a special scholarship committee, resulting from a preliminary study of PTA scholarships, and they will be reviewed at next Thursday's meeting. Mrs. Robert Laing, Palos Park, was chairman of this committee consisting of Supt. W. O. Fisher; teachers, Mrs. L.

Attorneys for 3 Creditors of Cosmic Ask Fees

(CNS) Attorneys for three creditors of the former Cosmic Construction company, 135th and Southwest highway, Orland Park asked \$1,530 in fees from the U. S. Dist. Judge Joseph Sam Perry this week despite dropping of their efforts to reorganize the company in bankruptcy. They are Theodore S. Pabst, James E. Manning and Daniel A. Costigan, representing Leroy Crettol Jr., Walter Hinz, 6403 S. California, and Richard McWhinney, 1844 East 79th st. Additional petitions are expected.

Cosmic accepted \$151,172.79 in down payments from 146 buyers of homes in the Orland Hills and Palos Hills subdivisions before going broke in February, 1955 with many homes not started or unfinished. A suit is pending against Lloyd's of London to recover this on a "group nonentity bond" by the Chicago Metropolitan Home Builders association, but filing of an answer has been postponed by agreements for nearly one year.

On Oct. 9, 1956, Bankruptcy Trustee Leo Powers was authorized by Judge Perry to release for \$2,500 all claim of Cosmic to the land on which the homes were to be built, which is owned by William J. Howe, with (Continued to page 12)

Neuneker, and C. L. Moore; Mrs. Richard Runke, Palos Heights; and Mrs. Earl F. Cutler, Palos Park.

The social hour, under the direction of Mrs. L. O. Meredith, Orland Park, assisted by Mesdames Arthur Schramm and Earl Cutler, will conclude the evening's activities.

Mayor Proclaims Jan. 31 as Date For Mothers' March

WHEREAS, each year the National Foundation for Infantile Paralysis proclaims the month of January as the time for the annual March of Dimes; and

Whereas, the culminating event in the war against polio, the Mothers' March on Polio, is the final drive for funds in this great campaign; and

Whereas, this year each Marching Mother will give every family visited a vaccine record card to use in safeguarding family health by listing the names of each family member, plus date and number of the three essential inoculations received; and

Whereas, the sign of welcome for each Marching Mother will be a lighted porchlight or candle in the window signifying the family's desire to help finish the job on polio this year, and to aid victims of previous years;

Now, therefore, I, W. R. Schussler, Jr., mayor of Orland Park, do hereby designate the night of Thursday, Jan. 31, as Mothers' March on Polio night in Orland Park, and request the participation of all our citizens to give their generous support between the hours of 7 and 8 p.m. when the volunteer women of the Mother's March will call upon them to help make this year the last year in the war against polio.

Dated this 18th day of January, A. D. 1957.

Signed: W. R. SCHUSSLER, JR.

Vogt Department Store Introduces New Type Diaper

Vogt's department store in Tinley Park is the first to introduce the sale in this area of an unusual baby diaper. It is shaped like a B-29 to make one size fit all age babies without folding. It hangs from the hips, never slips and will not bulge under baby's clothing, small enough to carry in a purse. It can be washed in a small basin and dries quickly. The diapers were invented by a Texan, Fred Dexter.

P.T.A. News

Ann Rutledge Unit
Mrs. Donald Ball, president of the Ann Rutledge school PTA in Lincoln Estates, presided at the meeting held Jan. 14 in the school.

An announcement was made of the annual Will County Area Council PTA Founder's day banquet to be held Thursday, Feb. 7th at St. John's E and R church at Mokena.

It was decided to present a display banner plus the usual \$1 to the room with the most parents and friends present at PTA meetings.

A bake sale is to be held at Ray's Midwest store in Lincoln Estates Saturday, Jan. 26.

Another project being planned is a Community Fun night including a box supper. Proceeds from these two projects will be used to build cabinets for the school kitchen.

Following the business meeting, in place of the scheduled film, there was a panel discussion on "Why Johnny Can't Read." Mr. Jay Bissell was moderator. Those on the panel included Miss Jeanne Boleman, Mrs. William Davidson, Mr. Lloyd Alton, Mrs. Jay Bissell, Mrs. Leonard Cummings and Mrs. Walter Carter.

Refreshments were served by Mrs. Marvin Kluth and Mrs. Floyd Martin.

FLAMES DAMAGE—

(Continued from page 1)

around the oil burner. There is some insurance.

Damage in the Sippel home, where a fire occurred last Thursday, was placed at about \$5,000. They managed to salvage most of the furnishings but there was considerable smoke as well as fire damage to the interior. All of the wiring and most of the floors will have to be replaced, it was said. It was believed that the damage was covered by insurance.

The golf club fire was discovered about 9 o'clock Saturday night by a neighbor, Frank Norton, who lives approximately a mile east of the club house that is located at 147th st. and 82nd ave. Norton called the Orland Park fire department and help also was given by the Tinley Park and Palos Park departments. There were seven fire trucks at the scene.

The fire is believed to have had its start in the wiring in the southeast corner of the attic and apparently it spread quickly.

There was considerable wind Saturday night and it was fortunate that it was blowing away from the John Coghill's home, which is adjacent to the club house. The Coghills were away from home for the evening, and Mrs. George Steinhagen, of Orland Park, who was staying with the children, was unaware of the fire until the arrival of the equipment at the scene.

Mr. Coghill, owner of the club informed by telephone, returned at once. The interior of the club

house, including a new lounge and restaurant costing \$82,000 which was opened last May 1, was burned out. It was believed that the walls of the new section might be salvaged but bulldozers were at the site Monday to begin removal of debris and clear the way for rebuilding.

The club had its facilities booked solid for the current year, including next New Year's eve so that Mr. Coghill wants to rebuild as soon as possible. Thick, luxurious carpeting and all the furnishings of the club were destroyed. In the pro shop golf clubs valued at more than a thousand dollars were burned.

Fire Chief Paul Voss, of the Orland Park department, who had charge of the fire fighting operations, reported three of his men injured. Joseph Lebens stepped on a nail that went thru his boot into the ball of his foot. James Hebel and Edward Mell had their hair singed.

Lebens was taken to the office of Dr. S. S. Leavitt at Orland Park where his wound was treated and anti-tetanus serum administered.

The fire in the Raymond Sippel home occurred last Thursday morning. Carol, 8, the oldest of the four Sippel children, was awakened at 6:30 o'clock by smoke fumes. She called her mother who ran to the basement door only to be driven back by a dense cloud of smoke. Mrs. Sippel dressed the youngsters hurriedly and after seeing them out of the house called for help. The Frankfort and Peotone fire departments responded. Mr. Sippel, who is employed at the Caterpillar plant in Joliet was at work at the time.

Neighbors and firemen removed the contents of the house but some of the things were smoke damaged.

A defective chimney is believed to have been the cause of the blaze. Until repairs are made the family will stay at the home of Mr. Sippel's parents, Mr. and Mrs. Arthur Sippel, Green Garden township.

Alvin Bettenhausen, Former Resident of Green Garden, Dies

Alvin Bettenhausen, formerly of Green Garden township, died in St. James hospital in Chicago Heights Monday evening. He was taken to the hospital Sunday night. His death was unexpected.

Born Aug. 16, 1905 in Green Garden township, the son of the late Mr. and Mrs. John M. Bettenhausen, he lived in that vicinity for many years, until he retired from farming and moved to Chicago Heights. He was united in marriage with Miss Alice Mae Kopman.

Surviving beside his wife is a daughter, Mrs. Gladys Huenberger, Beecher; two sister, Mrs. Arthur C. Bauch, Frankfort and Mrs. Emma Woodman, Lockport and a brother Henry of Florida.

Services will be held this afternoon at 1:30 in the St. John Evangelical and Reformed church in Chicago Heights with the Rev. Henry Senne officiating. Interment will be in St. Paul church cemetery at Monee.

Farm and Home Week visitors at the College of Agriculture, Urbana, Jan. 27-31, will have a chance to hear such agricultural engineering topics as flood control measures, and many more.

Former Mokena Resident Gets Diplomatic Post

Lester Stermer, son of Mr. and Mrs. George Stermer, of Joliet and who lived in Mokena for many years, has accepted a position in the diplomatic service in Washington, D. C.

Lester attended the Mokena public school when living here and graduated from Joliet Township high school. He at once enlisted in the army, and was placed in a selected group and sent to Rippon college, Wis. While there they were placed in the infantry and at the completion of the studies at Rippon was sent to a camp in Kentucky.

There Lester was advanced to the rank of corporal and World War II having ended he was sent to Japan for two years, where he served under Gen. Douglas MacArthur, being a teacher in the Japanese schools, teaching democracy. He reenlisted and served nearly two more years in the same capacity in Japan, and grew to like the Japanese children and people very well.

He returned to his home in Mokena in 1948 and in 1949 entered the Chicago university joining the class in far eastern affairs. Among the languages in the course which he took were, French, Japanese and Chinese, he being one of seven taking the latter language. He received his master degree in science and arts a few years ago, and will receive his doctor's degree in June, at which time he will be 31 years old. He has also just received a Ford scholarship with a value of \$400.

Mr. Stermer and wife will leave for his new position in Washington, D. C., Feb. 18, and in honor of the occasion, his parents are holding a farewell party in their home, 1202 E. Jackson st., Joliet, where their friends may call and visit with both Mr. and Mrs. Lester Stermer.

Assessments for Cook County Show Increase

Final Cook county assessment figures for 1956 were announced yesterday (Wednesday) by Assessor Frank Keenan.

Keenan said valuations for tax purposes placed on real estate in Cook county by the assessor's office totaled \$7,375,534,339. This represents an increase of about 247 million over 1955 final assessment figures before application of the state equalization factor.

The factor for 1955 was 1.40 but the 1956 multiplier has not yet been announced by State Revenue Director, Richard J. Lyons.

Personal Property valuations for 1956 totaled \$1,719,676,787, according to Keenan. This constitutes an increase of about \$33 million over 1955 final assessment figures.

Keenan said the 1955 personal property totals were more than

\$200 million over the preceding year.

Railroad property subject to assessment by Keenan totals \$28,643,375. The state department of revenue handles most of the assessments for railroads.

The total 1956 assessment as compiled by the staff of the assessor's office equals \$9,123,854,501. This would produce about \$480 million in tax revenues for the various governments according to Keenan.

Indications are that the board of appeals will not reduce this total substantially this year, Keenan added.

Keenan said that final real estate figures were delivered by the assessor's office to the board of appeals nearly two months ahead of the pace of last year. The last real estate books were given to the board last week, Jan. 16. Last year the final books did not reach the board of appeals until March 7.

St. Michael's Guild Outlines Plans For Coming Year

President, Mrs. J. F. Cahill, opened the Jan. 17 meeting of St. Michael's Guild of Orland Park by outlining the plans of various projects for the year.

Future events include a hat sale and style show modeled by professional models, to introduce all ladies to the coming spring fashions. Mrs. J. L. Lalley, chairman, has scheduled April 5 and 7 for this gala event. There is no charge and plans are being made to have it held in St. Michael's auditorium.

In May the Guild is planning a tantalizing Alphabet luncheon for which the women will make their choicest dish. But there's a catch, the name of the concoction is begin with the first initial of their last name. Mrs. L. J. McBride and Mrs. Lee E. Holcombe, chairmen, have also planned a style show for entertainment at the luncheon.

The biggest event of the year was brought to focus by Mrs. Leonard Heinen chairman for the country fair, which will be held in June. Mrs. Heinen has asked any ladies inside or out of the parish to please contact her if they have any "while elephants" lying around the house that are clean and usable. If you contact Mrs. Heinen she will arrange for picking up of any article.

The Rev. Frank Coyle, pastor, gave his thought for the month, which was to do the little things you've been putting off which will help to brighten someone's day and also yours.

Refreshments were served by Mrs. R. Thomas, Mrs. Charles Dowling and Mrs. J. M. Francik.

Kindergarten Pupils to Visit Railroad Yards

A trip on the Rock Island Line and a visit to the Markham Freight yards of the Illinois Central railroad will highlight January's study of trains for the children of Orchard Hill kindergarten in Tinley Park.

Mrs. Leslie Johnson, director, announced that mothers and Orchard Hill students will visit the Markham yards tomorrow, Jan. 25. They will use the radio phones in the signal towers to talk to the engineers and to their friends across the yard. A trip on a diesel engine will climax this field trip.

Saturday, Jan. 26 is Fathers' Field trip. The Rock Island railroad will add a special car behind the engine of the train leaving Tinley Park at 11:34 a.m. The group of fathers and four and five year olds will be accompanied by Donald H. Hodgdon and will tour the LaSalle street station and the new train, the Golden State, before returning with box lunches on the 1:15 train from the Loop.

For ten years January has been train month at Orchard Hill. Learning the alphabet and numbers while studying train signs and signals is a part of the experience that goes with the slides and movies of the railroad industry.

Wintry Blasts Take Deep Bite In Gas Supply

Northern Illinois Gas Company's 24-hour sendout record was exceeded five times last week as cold winter gripped the Midwest.

The former record of 387,000-000 cubic feet of gas used during a noon-to-noon period on Dec. 19, 1955, was first broken on Jan. 11, and the latest peak came Thursday, (Jan. 17) as 456,218-000 cubic feet was used by the utility's more than 550,000 customers. This includes about 225-000 who heat their homes with gas.

During the record breaking week, Marvin Chandler, president of Northern Illinois Gas, said the company withdrew approximately 450,000,000 cubic feet of natural gas from the Herscher underground storage reservoir. In addition, the utility produced 160,000,000 cubic feet of gas from propane and oil in its own plants, requiring the use of 1,800,000 gallons of propane and oil.

They show you why the new kind of Ford is worth more
when you buy it, worth more when you sell it!

The secret of Ford's nationwide success is this: it's a new *kind* of Ford . . . new from the wheels up . . . more than a last year's model with a few "face lift" changes. In a Ford the chassis, engine and body are individually engineered into one spacious, rock-solid unit. That's why, when you examine the new Inner Ford, you find a car that's new . . . *clear through!*

If you're a careful car-buyer with whom features count, count the new features of the '57 Ford. Then drive it! There's only one conclusion: the loveliest, liveliest car in the low-price field is the completely new Ford. For the decisive facts, see your Ford Dealer.

L-W Fives Take Two From Mustangs

Varsity Wins 68-62; Frosh-Sophs Win in Overtime Tilt 46-45

BY FRED KIESLAR

Lincoln-Way high school basketball teams won a brace of conference tilts last Friday night from Evergreen Park in the Lincoln-Way gym.

The varsity won 68 to 62 while the frosh-soph team nosed out the visitors 46 to 45 in an overtime battle.

This was the second time the Lincolns and the Evergreens met this year. In the first encounter about a month ago the Knights bowed to the Mustangs.

The win Friday leaves the Knights still tied for second place in the Southwest Suburban conference standings with five wins and three losses.

High scorer for Lincoln-Way was Henry Jessen with 29 and Uidl hit the top for the Mustangs with 22.

In the varsity game the Mustangs led 13 to 11 at the end of the first period but at half time the Knights were on top 30 to 29 and led 47 to 43 at the close of the third frame. In the last period Lincoln-Way scored 21 points to the visitors' 19 to win 68-62.

In the frosh-soph game L-W got away to a good start, leading 9 to 5 at the quarter and 22 to 14 at the half. At the end of the third period Lincoln-Way led 29 to but was off in the final frame.

The Evergreens racked up 19 points to Lincoln-Way's 12 so when the horn signaled the end of the contest the score was tied at 41-all. In the overtime L-W chalked up three points to the Evergreens four. With three second remaining Peterson waiting under the basket, received a long pass from Ron Sorrell and chucked it thru the webbing for the winning points as the final horn sounded. Sorrell was top scorer with 15 points; Hogi of Evergreen Park, scored 13 points.

Earlier in the week the Lincoln-Ways lost a double header to Joliet Catholic high, the varsity lost 72 to 43, the frosh-soph 43-28. In the varsity game Denny Wheeler scored 16 points but McCarthy of Joliet was high with 20.

Lincoln-Way has six more games to play, three at home. The next home game will be Saturday night against Plainfield. The frosh-soph game will begin at 6:45, the varsity contest about 8 o'clock.

Tinley Girls Break Winning Streak, Lose First Game to Joliet

The Tinley Park girls' basketball team lost their first game of the season last Wednesday night to Joliet (BJ) on Joliet home court, by a score of 30 to 24.

The Tinley girls were outplayed, but were handicapped by the small court of the home team.

Shirley Kaneversky and George Zirbes scored 12 and 8 points respectively for the Tinley team, while Brennan topped the Joliet team with 15.

Basketball fans are invited to watch the Tinley girls play Steger, Jan. 29.

Frankfort Breaks Victory String of Mokena Lights, 24-23

A scrappy Frankfort five ended the Mokena lightweight team's long chain of victories last Friday night. In a Des-Plaines Valley conference tilt played in the Mokena gym the Frankfort ponies came out on top of a 24-23 score.

The Mokena heavyweights won 39 to 22, their ninth consecutive win, five in conference play and four in the Taft tourney.

The defeat of the Mokena lightweights—the Meteorites—was the first suffered since 1955. The team won the conference title last year with 10 wins and no losses, and had won its first four conference starts this season.

The loss Friday drops the Meteorites into a tie with Frankfort for the league lead. Incidentally this is the first time a Mokena grade school basketball team—heavy or light—has lost to Frankfort since the 1952-53 season, when Jim Wrath took over as coach.

The upset Friday may be attributed to an unappealing hunger for victory and the clutch shooting of Schofield. Each time that the Meteorites appeared to have the game in hand Schofield would sink one to keep Frankfort in the running.

Frankfort grabbed an early lead and was out in front 11 to 10 at half-time. Mokena came to life in the third quarter and outscored their opponents 10 to 5 but Frankfort hung on and with the clock in the red the score was 22 even.

Frankfort scored from the field to make it 24 to 22. Then a foul gave Mokena two free tosses in the final moments of the game. Johnson dropped the first one thru but missed with the second. Mokena got the rebound and Sheridan was fouled but he too missed with the charity heave and the game ended 24-23.

In the heavyweight encounter the Meteorites had little difficulty. Frankfort fought hard but just couldn't click. Frankfort's eagerness was costly inasmuch as quite a number of fouls were called against the visitors. Mokena made 15 of its 39 points from the free throw line.

Skip Kruzich with 13 and Ron Morris with 11 led all scorers. Morris' work under the boards was an important factor in Mokena's victory. One of the unusual baskets was registered by Schartz of Mokena. He plumped one thru the Frankfort net to count two points for his rivals.

Mokena will travel to Channahon, Elwood and Manhattan before playing at home Feb. 8. On that occasion Laraway will furnish the visiting teams.

Tinley Grade Cage Teams Drop Two Tilts to Homewood

The Tinley Park grade school basketball teams lost double header to Homewood on Wednesday of last week.

The heavyweight tilt finished with Homewood on top 25 to 15. The victors led thruout the contest.

The Homewood lightweights won 30 to 18. Tinley was unable to get ahead at anytime during the game. The Tinleys got up to within three points of the victors in the third quarter when the score was 19 to 16 but Homewood drew away then and the game was never so close again.

Award Letters to Bremen Grid Players

Forty-three Bremen high school athletes received football letters at a special awards assembly.

Eighteen of the letters went to varsity players and two to varsity managers; 23 players on the frosh-soph squad were similarly honored and one manager's letter was also awarded.

In order to qualify for a varsity award the player must, if he is a senior, play in 60 per cent of the total quarters of all the games played in the season. If he is in the junior class he must have played in 65 per cent of the total quarters played.

A sophomore can win a varsity letter but it is difficult as he must have played 70 per cent of the total time. To qualify for a frosh-soph award a sophomore must have played in 50 per cent of the games. Freshmen are awarded numerals of the graduating year, at the discretion of the coaches.

Award winners this year are: Varsity: Tony Albert, George Avellano, co-captain, Arthur Bond, Gary DuBois, Bill Freike, Donald Isler, Dennis Jaye, Howard Kettler, Fred King, Jerry Lewis, Joe Lundy, Paul Meents, Ernest Pritchard, George Stelmach, Bill Stolz, Matt Stupak, Fred Swanson, co-captain, Dean Wimberley, Charles Tebo and Tony Valone, managers.

Sophomore letter winners: Bob Cidell, Harold Coley, Larry Cunningham, William Carby, Lee Elliott, Jerry Hardy, Bill Hoffman, Louis Kent, Jim Mannaioni, Art Mayes, Ed Mayes, Alfred Mirandem Dick Nelson, Pete Postlewaite, Dennis Tatum, Norman Swanson, Robert Yoniles, Jim Randolph and Charles Smith, manager.

Freshmen numeral award winners: Ted Anthem, Steve Cook, Richard Falk, Bernard Nelson and Jim Pritchard.

Sandburg L-W Mat Teams to Meet Tonight

Sandburg and Lincoln-Way wrestlers will match holds tonight in the Eagles gym. The matches will begin at 7:30 p.m.

Next Thursday the Sandburg matmen will be hosts to Oswego and on Saturday, Feb. 2 three schools, Streator, Lockport and Kankakee for a quadrangular meet. There will be two sessions at 10:30 a.m. and 2:30 p.m.

On Jan. 15 Sandburg varsity wrestlers trounced Downers Grove, 30 to 11. The frosh-soph of Sandburg beat Downers Grove 42 to 2.

Records show that among the squad leaders Zinn and Gibson are undefeated, while Jaklich, Rog Chatlosh, J. Hosier and Pfeiffer have each lost once.

Results of Sandburg-Downers Grove varsity matches: 95-Pfeiffer (S) pinned Hadley.

103-Janulus (S) beat Vodak. 112-Liston (S) pinned Hayes. 120-Semetis (S) beat Hlavac. 127-Chatlosh (S) beat Buell. 133-Hosier (S) beat Van Slyke.

138-Zinn (S) beat Keller. 145-Gorman (S) beat Kercher. 154-Marx (D) beat Borre. 165-Van Slyke (D) beat Barton.

175-Jaklich (S) drew with Wiese. Hywt-Smith (D) beat Heiy.

N. Lenox Grade Cagers Divide With Laraway

New Lenox and Laraway grade schools divided a twin bill in the DesPlaines valley basketball conference Wednesday of last week. New Lenox won the lightweight game with ease, 24 to 9 but dropped the heavyweight contest 29 to 23.

In the heavyweight game New Lenox jumped off to a lead of six to one at the close of the first frame but the second period saw Laraway come to life and at the half New Lenox had a scant lead, 10 to 8.

That was the beginning of the end. New Lenox was held to another four points in the third quarter while Laraway was counting 11 and took the lead 19 to 14. New Lenox was out-scored again in the last quarter, 10, to 9, so that the final score was Laraway 29, New Lenox 23.

The New Lenox lightweights started out easy taking a four to two lead at the end of the first quarter and 12 to 7 at the half. New Lenox only made four points in the third period but Laraway made none and only two in the last frame in which New Lenox made eight. The final score was New Lenox 24, Laraway 9.

Sportsman Club At New Lenox Will Sponsor Fox Hunt

The New Lenox Sportsman club will sponsor their annual Fox hunt this coming Sunday, Jan. 27. All interested are invited to join in the hunt. The first hunt will start at 9 a.m. from the Lions den on South Cedar road. Hot chile and dessert will be served at noon. The second hunt will start about 1 or 1:30 p.m.

The annual skating meet sponsored by the New Lenox Lions club drew a sizeable list of entries and quite a flock of spectators last Sunday afternoon. The ice was a bit on the wet side due to the thaw but there was enough to meet requirements. Had the meet been scheduled for Monday it would have had to have been postponed because of warm weather. Pictured above is John Huttenhoff winning the Class A race for boys. A close second was Bob Wondrasek.

Other winners, but not pictured, were: Class A, Girls, Sharon Hutchins, 2nd, Betty Ann Hunt; Class B Boys, Paul Huttenhoff, 2nd, James Carnahan, Girls, Betty Ann Hunt 2nd, Betty Croes; Class C, Boys, Charles Carnahan, 2nd, Tom Johnson; Girls, Mary Ann Wondrasek, 2nd, Valerie Wondrasek; Class D Boys, B. Anderson, 2nd, Doug Shreffler; Girls, Jean Bogdan, 2nd, Susie Lord; Class E, Girls, Dianne Shreffler, 2nd, Susie Wondrasek; Boys, no entries. Mike Merfeld won the boys figure skating contest while the girls' winner was Paulette Anderson.

Nieland Takes Oath of Office

Richard Nieland, of Green Garden, who was named to the Will county board as supervisor of his township, to fill out the term of William H. Bettenhausen who is ill, attended his first meeting as such last week when the forest preserve board met.

The Will county forest preserve board is made up of all the members of the county board. Mr. Nieland took his oath of office at this meeting. The oath was administered by County Clerk Joseph H. Hartley.

One of the acts of the forest preserve meeting last week was to adopt a resolution opposing the plan of the University of Illinois to take 300 acres of Cook county forest preserve land. The Cook county body refused to sell the land to the university for a branch campus and there is some talk about the university trying to force possession.

The resolution condemning the move points out that it would be a dangerous precedent and could tend to deplete the national forests. Copies of the resolution were sent to Gov. Stratton, Senator Lottie Holman O'Neill and the three Will county state representatives, Speaker Warren Wood, Louis F. Bottino and Francis J. Loughran.

The Cook and DuPage county boards have taken similar action.

Most small animal hospitals are equipped to make an accurate diagnosis of problems in a dog's digestive tract. A barium sulfate compound can be given to a dog under anesthesia by means of a stomach pump. X-rays are then used to study the diffusion of this material through the alimentary tract.

We want to thank all our neighbors and friends who helped at the time of the fire at our farm home Jan. 17. Also thanks to the Frankfort fire department who came to assist the Peotone fire department.

MR. and MRS. RAYMOND SIPPEL and FAMILY, Peotone

I wish to extend my thanks to the Rev. Robert L. Plastow and to all my neighbors for their visits, gifts, flowers and cards; and for the many deeds of kindness and thoughtfulness during my recent stay in the hospital.

MRS. DELLA BROWN, Orland

Pvt. 1-c George Kratsenberg, Jr. of Frankfort, stationed at Ladd's air force base, Fairbanks, Alaska, and a member of the 9th infantry skiing team, wishes to extend his thanks and appreciation to all friends and relatives who sent beautiful Christmas cards, Birthday cards and gifts to him. He states they all mean so much to one who is away from home, especially during the holidays.

I wish to thank my neighbors, friends and relatives who so kindly sent me cards and flowers while I was ill in the hospital.

possibility of getting another \$1,500 in four pending foreclosure cases in which Cosmic has a right of redemption. On Nov. 6, Arthur P. Murphy, receiver in a previous bankruptcy, was ordered to turn over \$521 remaining in that case to Powers.

Finally, on Dec. 19, ten months after his appointment, Powers reported reorganization was not feasible because of lack of financing, and that most home buyers preferred to negotiate directly with Howe and holders of \$175,000 in mechanical liens. He reported 11 houses as "substantially finished", 12 in the shell or plastering stage, and 34 with only foundations in.

The case will proceed as a straight bankruptcy, with fees having the first claim, and federal and state tax claims of \$7911 the second against unlied assets in the hands of Powers.

Dist. 19 PTA Had Busy Year, Report Shows

BY RUTH JOCHUM

District 19, Illinois Congress of Parents and Teachers met in the Tinley Park school, Jan. 21 at 8 p.m. with their district director, Mrs. Edward Pettijohn, to hear final reports.

Council president set dates for their annual district banquet, Illinois convention committee meetings and incidental business matters pertinent to concluding the business of the year.

At the recent state board meeting held in Chicago which requires attendance of all district directors, Mrs. Pettijohn brought to attention the following points to be followed by the councils and local units:

1. Spot-light "Safety". The tremendous holiday death figure made this point particularly important.

2. The importance of filling out the "blue blanks" information slips, and program evaluation papers.

3. Forward the list of new officers to state headquarters for mailing list purposes.

4. Scholarship monies must be in treasurer's office not later than March 31. Point-up the Scholarship program, the necessity of this 10c per member budget and the great help it provides for young people desiring to be teachers.

5. The summer round-up program is no longer in existence. The Health program in co-operation with schools is the substitute. No certificates will be issued from the Illinois PTA.

6. Take note of the list of proposed amendments which will be up for approval at the State convention, April 25-27 in the Conrad Hilton hotel in Chicago.

7. A Legislation workshop will be held March 21 at Central school, 95th and Sawyer ave., Evergreen Park with Walter Nelson, district 19, I.C.P.T.A. legislation chairman as speaker.

8. An international relations evening is set for Feb. 4 at Oak Lawn high school, 9400 South-west highway with Marvin McLloyd speaker and showing a film entitled "Life-Line to Freedom", a new film on the Hungarian situation.

9. Attendance at study-courses was urged. Southwestern area council and Calumet-Lansing-Burnham council have courses in progress at the present time.

District 19 was asked to provide pages and assistants for

the state convention and floral arrangements.

It was reported district 19 now has 106 member units with Reavis PTA in Lansing as the newest addition.

The advisability of scheduling a district 19 breakfast at state convention was discussed and dropped. A conference will take the place of the breakfast meeting.

On latest policy PTA point was discussed was the popular and rather good Ways and Means project, the "Book Fair." The conclusive thought being, it became too commercial.

Membership recognition certificates were distributed to council presidents for presentation to their units.

The concluding business of the evening was tentative plans for the annual banquet for district 19 with the week of March 11 being advanced for dating. Mrs. Evelyn Einspahr of Lansing was given the general arrangements chairmanship. Possible dining places were the Rosewood Inn in Blue Island and Surmas restaurant.

Adult School to Open Jan. 29 At Lincoln-Way

Registrations for the second semester of the adult education program at Lincoln-Way high school are being accepted this week and next.

They began Tuesday and will be taken again this evening between 6:30 and 8:30 o'clock. Registrations also will be accepted at the regular school office during the regular school day thru Thursday of next week.

Registrations by mail also will be accepted. However, all registrations should be completed before the first meeting of a class.

Classes will meet one night a week for 10 weeks. Some classes will meet on Tuesdays, some on Thursdays. The term will begin next Tuesday, Jan. 29.

The tuition for the 10-week course is \$10 and persons who mail in their registrations should enclose their checks, it was explained. If an insufficient number register for a class the tuition will be refunded. It is necessary that at least eight enroll in a class. Class instructors will explain any additional cost for material or supplies.

Most of the instructors will be from the Lincoln-Way high school faculty. The courses offered are not planned for high school credit. Persons interested in obtaining a high school diploma, however, may obtain the necessary information from the director of adult education or A. Hunter Chapman, the school principal.

Several courses are offered in vocational agriculture—tractor maintenance and repairs, Tuesdays; farm machinery maintenance and repairs; farm welding and farm accounting, Thursdays.

Under home economics will be a class on "how to be successful parents," and one on clothing construction, both on Thursdays.

There will be a rhetoric class on Tuesday, also an art class. Beginning typing and beginning shorthand also are scheduled for Tuesday.

A speed reading course will be offered on Tuesday and a course on investments on Thursdays.

D. H. Troutman Suffer Fatal Heart Attack

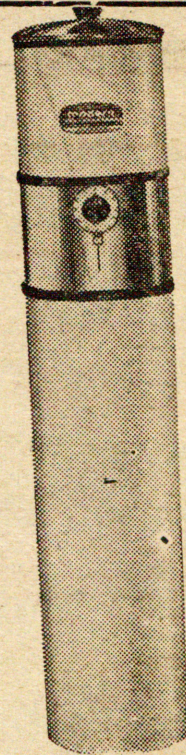

Last rites for Delbert R. Troutman, 29, North Cedar road, New Lenox, was held Tuesday afternoon in the Trinity Methodist church, Joliet, with the Rev. John Keenon officiating.

Mr. Troutman was found dead in his bed Sunday morning, apparently from a heart attack. He was born in Lockport and lived in New Lenox a year. He had been employed at various tire shops in this area. He was a cor-

poral in the air force during World War II and was a member of the Joliet DAV No. 11.

Surviving are his widow, Helen; a son, Lester; his mother, Mrs. Mattie Troutman, Joliet; two sisters, Mrs. Evelyn Fear and Mrs. Helen Minnick; five brothers, Thomas, and Lester, all of Joliet; Clarence, Marley; Vernon, Manhattan and Glenn of New Lenox.

University of Illinois agronomists say that seed of three new oat varieties, Newton, Logan and Garry, will be available to Illinois farmers in 1957.

Asks Bids on Steel for Toll Road Bridges

(CNS) Bids for steel for two south suburban bridges of the Illinois state toll highway were asked Tuesday, to be opened Feb. 14 in Springfield. They were included in five bridges for which bids on 3,160 tons of structural steel beams and girders were asked.

The bridges are for the Tri-State Tollway over the Material Service corporation quarry at 171st street near Vincennes avenue, Thornton, and over the Rock Island railroad near 143rd and Kedzie.

Meanwhile a condemnation suit filed Friday in Cook county Circuit court sought three parcels south of the Desplaines river in Lyons and Palos townships.

From Lillian B. Muschal, the suit asks 4.1 acres near 81st street and 84th avenue, Lyons township; and from Alejo and Matilda Flores, .05 acre in Lot 127, Frank DeLugach's 87th st. Woods, near 85th street and

82nd avenue, Lyons township. THE ORLAND PARK HERALD In Palos township, the suit Thur. Jan. 24, 1957 Sec. 2 Pg. 1 seeks .08 acre from John E. and Ann Bartosek in Lot 2 of the Re-Hill's subdivision, at 93rd street subdivision of Lot 1 in Hickory and 76th avenue.

Rave reviews from the auto critics!

"Beyond a question of a doubt, the 1957 Mercurys are the most different cars of the year . . . For those who've been shouting against warmed-over hash and crying 'Give us something new!' the answer is simple: this is it— a Space Age design for earth travel . . . It has more new features than any car tested in over ten years."

The PTA wishes to draw the attention of all members of the change in their meeting date. The new date is Wednesday, Jan. 30 at 7:30 pm. in the school. All chairmen are urged to attend, as the state reports must be filled out at this meeting.

Mr. and Mrs. Howard Osmus entertained in their home Saturday afternoon at a 5 o'clock luncheon in honor of their son Richard and his 12th and golden birthday. There were 14 guests present. Following the luncheon all attended the teen age dance in the school gym. Richard received many nice gifts from his friends.

A son was born to Mr. and Mrs. James Lind of Tinley Park in St. Joseph's hospital, Joliet, Jan. 19. The young man weighed seven pounds 12 ounces and has been named Robert Allen. He is the grandson of Mr. and Mrs. Ervin Schellhase and a great grandson of Mr. and Mrs. Fred Schellhase.

Miss Diane Schoen, daughter of Mr. and Mrs. Walter Schoen had the misfortune of having a large splinter lodge in her hand. She was taken to the Hedges clinic to have it removed where it was necessary to lance the hand twice, which proved unsuccessful. She was taken to Silver Cross hospital where surgery was necessary to get the splinter out. She returned to her studies at the Frankfort school Monday.

The Women's Guild of St. Peter's Evangelical church will meet next Thursday afternoon, Jan. 31 at 2 pm. in the church parlors. Mrs. Joseph Scott will give the devotions. The program will be in charge of the educational department, with topic "Why Are We Here." A 5 o'clock dinner will be served with Mrs. Clark Bennett, chairman, assisted by Mesdames George Waldvogel, Elmer Batson, Robert Trump, Leroy Mager, Ralph Nieland, Fred Heusner, Franklin Christiansen, Henry Breidert, Alvin Bruggeman, Minnie Klepper, Emma Gierke, Arthur Marti, Louis Steinhagen, Wm. Breidert Sr., Elizabeth Harnack, Rosa Hirt, Walter Hedges, Louise Block, Alvina Minger, Conrad Mark, Minnie Bisping, Walter Baumgartner, Erich Bizer, Paul Lambrecht, Gertrude Eichmeier, Gilbert Voss, Herman Munk and Elmer Triem.

Mrs. Erich Bizer left today, Jan. 24, for a weekend visit with her son and family, the Rev. and Mrs. Raymond Bizer at Geneva, Iowa.

Dinner guests of Mr. and Mrs. Clarence Waldvogel Sunday were Mr. and Mrs. Henry Lühring, Mr. and Mrs. David Forsythe and family of Manteno and Miss Lucile Lühring.

Miss Donna Miller was the honored guest Saturday evening when her parents, Mr. and Mrs. Harry Miller entertained 10 schoolmates at a party in their home in honor of her sixteenth and golden birthday. The evening was spent playing various games and bunco. Later the usual birthday cake with other refreshments were served. Miss Miller received many nice gifts from the group.

Saturday evening 45 relatives gathered at the home of Mr. and Mrs. Scherril Rahm for a house warming party. The evening was spent playing pinocle, with prizes awarded to Mrs. Homer Smith and Clarence Lauffer. Later lunch was served. A purse was presented to the honored couple.

Mr. and Mrs. Wallace Weichbrodt entertained at dinner Sunday, the Rev. and Mrs. Erich Bizer and Mr. and Mrs. Walter Minger, Mrs. Elvina Minger and Mrs. Mary Minger of Frankfort. In the afternoon they were joined by Mr. and Mrs. Lester Peters and son Tommy of Harvey.

Mr. and Mrs. Lawrence Woodman, Alan Hedges of Milwaukee Wis., and Roger Hedges of Chicago were dinner guest Saturday evening of Dr. and Mrs. W. V. Hedges. Roger and Alan remained home for the weekend.

Miss Viola Lankenau entertained at dinner in her home Saturday evening, Mr. and Mrs. Alvin Harnack, Mr. and Mrs. Edward Warning, Mr. and Mrs. Herbert Lambrecht, Mr. and Mrs. Fred Kohlhausen and Mr. and Mrs. Henry Breidert of Briar Wood.

Mr. and Mrs. Glenn Schroeder and Mr. and Mrs. Donald Schroeder entertained at a 6:30 dinner party, Saturday evening in the former's home. The occasion observed the 69th birthday of their father, George Schroeder. Guests were the George Schroeders, Mr. and Mrs. Albert

Schmuhl of New Lenox; Mr. and Mrs. Emil Schroeder, Joliet, Mr. and Mrs. Harold Speiss, Mokena, Mrs. Mary Lorenzen and Mrs. Laura Hansen.

The Men's club of the Methodist church entertained their wives last Wednesday evening at a banquet which was prepared and served by the ladies of the WSCS of the Green Garden Methodist church. A. R. Bagwell district layleader of Sycamore and Wilbur Francis, assistant lay leader of Manhattan were the speakers. Dale Reils entertained with an accordion solo followed by group singing. The Rev. Ben F. Day installed the new officers who are: Lester Heisner, president; Jack Ewing, vice president; Lloyd Tewes, secretary, Anthony Laurie, treasurer, Clyde Reils, reporter.

That's The Law

PATENTS

A "patent" is essentially a monopoly granted to an inventor by the federal government. The inventor obtains the exclusive right to make and sell a certain article or to utilize a certain method or design. In exchange, he discloses his discovery to the public and agrees that when his patent expires anyone may use the invention. In this way the law promotes inventiveness and rewards inventors, and at the same time secures free interchange of new ideas.

Obtaining a Patent

Assume that James Burman invents a type of lock which he believes to be different from any previously in use, and he wants to patent the invention if he can. He goes to a lawyer and explains his invention. If the lawyer concludes that James needs a patent to protect the invention, the first step he usually will take is to cause a search to be made of the records of the U. S. Patent Office in Washington, D. C. to determine whether there are patents already outstanding on this type of lock or a very similar lock. If the invention has already been patented by someone else, James will not be able to procure a patent.

If it is found that no prior patent is on file, James lawyer will prepare a patent application and file it in the Patent Office. The patent application is a very technical document. It must contain an explanation of the lock couched in the technical terms of the trade, but so clear that other locksmiths can construct the invention after reading the application. Drawings are usually sent with the application. It must be filed within one year after the invention has been sold or become known to the public.

An examiner in the Patent Office will be assigned to examine the application, and he too makes a search of prior patents. If he believes that the lock does not embody a new concept, but is merely an improvement in form over locks already patented or in use, he declares that the device is not patentable. The examiner prepares an opinion, either accepting or rejecting the application. In case of rejection, James' lawyer may amend the application to attempt to correct any defects found by the examiner. Or, if he believes the examiner is wrong in rejecting his application, an appeal may be taken to the examiner's superior, and from him to the Court of Patent Appeals.

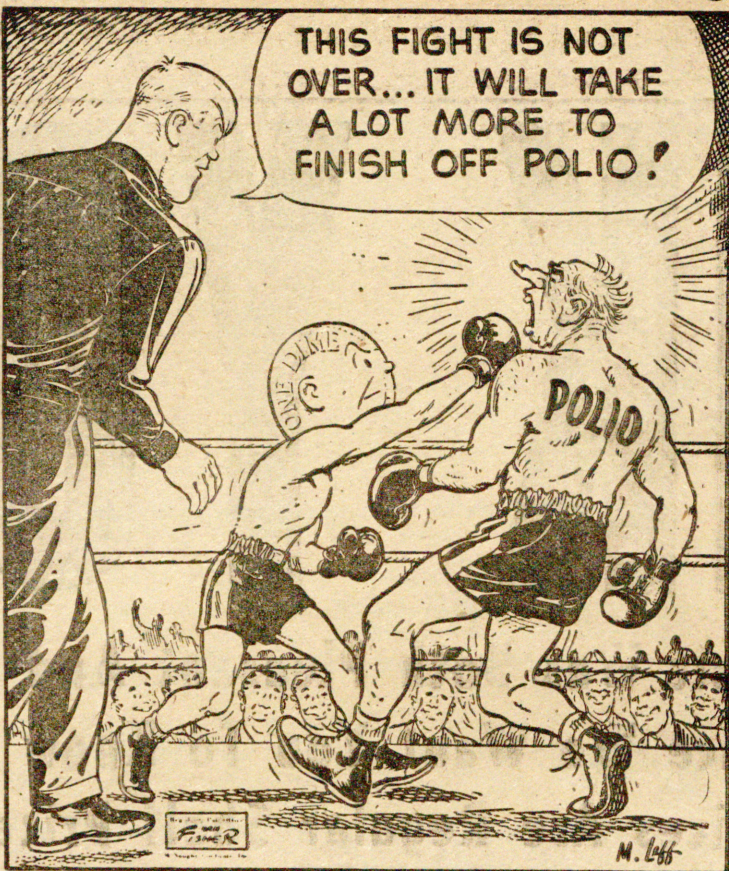

Patents on articles of manufacture or on methods are valid for 17 years and cannot be renewed. The life of patents on designs, that is, on the appearance of an article of manufacture, depends on the fee the inventor pays when he obtains the patent, but none exceeds 17 years. During this time the inventor, called the "patentee", has the exclusive right to make and use the process or design described in his application, and may sell or license this right. If any unauthorized person attempts to use the invention, the patentee may apply to court for an injunction to halt the infringement, and sue for damages.

We read every day about cases that are brought in court for breach of contract, for damages for personal injuries, for eviction, and so forth. But have you ever wondered how a lawyer goes about beginning a law suit and getting all the parties before the court?

Assume Prentice Carter was injured in an automobile acci-

EVERY DIME COUNTS...

JOE PALOOKA®

dent by Sheldon Moore, and that they disagree as to who is to blame and are unable to adjust their differences in an amicable manner. Prentice consults the lawyer of his choice and they decide to bring a law suit. Prentice will be called the "plaintiff" and Sheldon the "defendant." Often a single case has many plaintiffs and defendants, but in this case there will be only one of each.

Prentice's lawyer will first obtain all the facts concerning the accident, and will attempt to interview anyone who witnessed the occurrence. He will then select the legal theory on which to base the suit, and in making this decision it is often necessary for the lawyer to review pertinent statutes and to research for previous decisions in similar cases to see how they have been presented and decided.

Having collected this information, Prentice's lawyer will choose the court in which he will bring the suit. For example, he may want to sue in the federal court, the state circuit court, the state county court or the local municipal or city courts. Different courts have different functions and powers, and so the law suit may or may not be proper for one of the other of these courts, depending generally upon where the accident occurred, the amount of damages to which Prentice believes himself entitled, where the parties reside, and so forth. After choosing the proper court, Prentice's lawyer will prepare a "complaint" which is the formal statement of Prentice's claim against Sheldon. This statement will contain Prentice's version of how the accident happened and the amount of damages he wants to recover.

Officer Serves Summons
Prentice's lawyer will take the complaint to the office of the clerk of the court, pay a fee, and file the complaint. At this time he may ask for a trial by jury if he desires. Next he obtains from the clerk a "summons" which he delivers to the sheriff or some other officer who will formally serve a copy of this summons together with a copy of Prentice's complaint on Sheldon. Prentice's lawyer pays the sheriff's service fee, and the sheriff then serves Sheldon as directed and files a statement in court that he has done so.

Sheldon Must Answer
Sheldon now must respond to the complaint. He may ask the court to dismiss the suit, or he may file his answer to the assertions made by the complaint and proceed to trial. He may ask for a jury trial when he files

his answer, if the plaintiff has not done so.

Then, with the pleadings on file, the disputed questions appear and the case proceeds to trial. Generally and simply stated, this is the way in which a law suit is instituted.

Look!

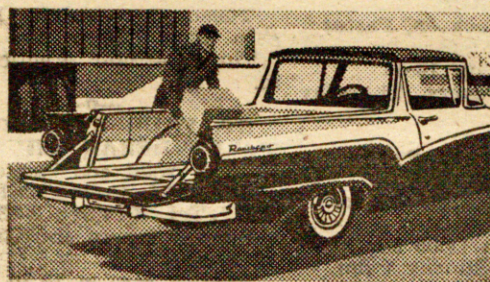

...more than a car
...more than a truck

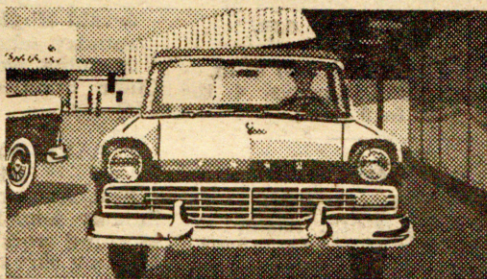

LOOK again!

IT'S THE NEW FORD

RANCHERO

HAULS LIKE A TRUCK! No need to hold back on load. Pile it on—the Ranchero packs a greater payload than many standard pickups! Power aplenty, too—Short Stroke 144-hp Six or either of two Short Stroke V-8's, up to 212 hp. Fordomatic or Overdrive available at extra cost.

HANDLES LIKE A CAR! Ball-joint front suspension and outboard-mounted rear springs—first time on any pickup—give true passenger-car ride. Cab interior is exactly like that of the '57 Ford Ranch Wagon. Power steering, power brakes, power seat and power windows available at extra cost!

Looking at the boldly modern styling of the new Ford Ranchero, you may find it hard to believe that it's actually a man-sized truck, built to do a man-sized job. But it won't take you long to find there's a lot of heft behind the Ranchero's glamour.

It carries more than half a ton. That's more capacity than many standard pickup trucks offer you. The all-metal body floor is over six feet from front to back. Loading height is less than any pickup. No matter how you look at it, the new Ford Ranchero is a real workhorse.

And it's a show pony, too! The Ranchero looks, rides and handles like a passenger car. Its low, crisp lines and distinctive profile have a wonderful way of saying how progressive you and your company are.

The new Ford Ranchero is surprising in many ways, not the least of which is its low price. Never before has so much style and luxury been packed into so rugged a vehicle at such a low price.

(Editor's Note: This is one of a series of articles prepared by local clergy designed to produce greater church attendance between now and Easter.

A wild duck, tempted by the feed in a farmyard, left the southbound flight to feast upon abundant grain. Soon he grew fatter. The thrill of the skies faded from his sight. He gradually settled down to a protected and soft life.

Winter gave place to spring, and again the cry of ducks, now flying north, was heard. In the farmyard the domesticated duck heard the cry and the old longings stirred within him. He spread his wings to join his fellows in the north-bound flight. But, alas, soft living had taken its toll. He no longer possessed the power to soar into the heavens.

Could it be possible that Christian ideals that once challenged us become mere platitudes as we become satisfied with ourselves and with soft living in an accepted group?

There is a rigid natural law that whatever ceases to grow must die. We must use our religion or we lose our religion. We can choose life or death for our souls.

The answer is God. Sundays are bases from which to launch daring spiritual flights by going to church.

I will pray the Father, and he shall give you another Comforter, that he may abide with you for ever; even the Spirit of truth. (John 14:16, 17.)

During a campaign of visitation evangelism in which teams of laymen were sent out to invite people to come to Christ, two young men who had never done this work were hesitant to begin the task.

After a prayer in which they committed themselves to follow the leading of the Holy Spirit, they set forth with the names of some prospects.

Before reaching their prospect, a downpour of rain forced them to take shelter in a home, a family of strangers not on their list. Upon being invited into the house, they found the father reading his Bible in an effort to find the way of salvation.

The young, inexperienced visitors told of their personal experience, and in less than one hour this family—father, mother and son—had made personal commitments to Christ and church membership. The Holy Spirit had been present.

PRAYER

Heavenly Father, this day we would bring all of our problems to Thee. Help us to have complete trust in the leadings of the Holy Spirit. Use us in Thy service, to Thy name's honor and glory; through Jesus Christ our Lord. Amen.

THOUGHT FOR THE DAY
Christ is our inspiration and strength in all things, at all times.

A. W. Oliver (Oklahoma)

Now Hear This! A Little Ice Is Dangerous Thing

Calling all drivers! Keep a weather eye out for I. C. Roads, alias Billy the Skid, alias Jack Frost, alias Old an Winter—a slippery character, says O. L. Hogsett, extension safety specialist at the University of Illinois College of Agriculture.

He makes like a shadow—some times you can't even see him. But you know he's been hanging around by the tracks he leaves—skid marks on ice or snow covered roads and streets. And all too often smashed cars and human bodies are mute evidence of his whereabouts.

If you should happen to meet him, beat him to the draw with tire chains, good brakes, windshield wipers and defrosters, a bucket of sand, a shovel and lots of good common sense. Outguess him with caution and reduced speed.

In a freeze-up, slow up.

Cub scouts, den 5 of pack 213, held a regular weekly meeting in the John Cruise home, Thursday afternoon. Plans for the Blue and Gold banquet where Cub Scouts and Boy Scouts will display all the things they have made, were discussed. A Blue and Gold banquet is held annually in February, which is Boy Scout month.

Members had as their project for their Thursday meeting, the making of place cards for the banquet.

Den 5 Cub Scouts have been calling at homes in the district with pop corn which they are selling. Proceeds will go into their treasury and will be used to pay for tours, outings and

Capt. Steve Barrett explains to sheriff's policemen at District 3 station, 1154 Ridge Rd., Homewood, that they can judge best how to prevent accidents by finding their causes. Attending this 15-minute class, one of four administered each week, are (left to right): First row—John Fahey, Frank Balzano and Joe Munizzi, and second row—Sgt. William Barriball, John Hankus and Clem Ostrowski. Sheriff Joseph D. Lohman recently instituted this permanent in-service training program at each of the district stations. Subject matter includes public relations, records and reports, accident investigation, coroner's cases, and evidence.

incidental expenses of the den. Cub Scouts, den 5, enjoyed a skating party at St. Michael's church, in Orland Park, Saturday morning.

"Helping Children Grow in Responsibility," was the subject of the interesting lesson given by Mrs. Charles Bezdek and Mrs. Edward McCarthy at the regular meeting of the Orland unit of the Cook County Home Bureau, held in the John Lohmann home Thursday evening.

The following new officers were installed: Chairman, Mrs. Charles Bezdek, Alpine; vice chairman, Mrs. Oscar Mack, Alpine; Secretary, Mrs. Nick Caccic, Orland Park.

Members present were: Mrs. Henry Andresen, Mrs. Nick Caccic, Mrs. Edward McCarthy, Mrs. Oscar Mack, Mrs. E. C. Sayers, Mrs. Sigmund Bukowski, Mrs. Eric Enblom and Mrs. John P. Lohmann.

Refreshments were served by Mrs. Lohmann and Mrs. Caccic. The Maue PTA will sponsor a Hot Dog Day at the school, Jan. 30. On that day mothers need not pack lunches for students as PTA members will be at the school where, for a small charge they will serve hot dogs, relish, potato chips and cookies during the school's lunch period.

Ten Illinois 4-H youth have chalked up 1956 as a banner year. They won national honors in competition with 1,300 other delegates from 48 states at the National 4-H club congress held recently in Chicago. Nine of these youths received \$300 college scholarship awards for superiority in their chosen programs. Ronald Kollman, 20, whose picture appears third from the left in the bottom row, is from Harvey. He has been carrying on with his dairy project for the past nine years and today has a selected herd of 15 animals. He received the Cook county dairy medal award for six years. He is one of the scholarship winners.

Student Believes Non-Violence Best Method to Combat Tyranny

by Jerry Lehmann
(Reprinted from the Oberlin College Review where the writer is a student. He is an ardent pacifist.)

Most of us on campus have viewed the struggle of the Hungarian people with admiration for their courage and sympathy with their aims. Yet few of us have considered the implications of the violence and slaughter that has resulted as much from their actions as from the Russian action.

It is a great shame that the Hungarians forfeited all hope for success in their bloody effort for it was Hungary which, in 1867, demonstrated the effectiveness of peaceful methods.

In a situation similar in many respects to the present one, the Hungarians rid their country of Austrian soldiers and tax collectors and won the restoration of their constitution by peaceful means. The Hungarian moderater felt hopeless in the face of Austrian power, for they were too weak to fight. But Francis Deak, a great Hungarian patriot, gave them courage and leadership with his moving speech: "Your laws are violated yet your mouths remain closed. Woe to the nation which raises no protest when its rights are outraged! ... The nation which submits to injustice and oppression without protest is doomed."

Yet Deak did not call on the patriots to rise in the streets and kill Austrians, but implored: "Do not be betrayed into acts of violence ... (Non-violence and legality) is the safe ground on which, unarmed ourselves, we can hold our own against armed force. If suffering must be necessary, suffer with dignity." As a Christian pacifist, I would like to suggest that the current Hungarian reaction is not as realistic as it may seem. What hope can a poorly armed, unorganized people have in violent struggle with one of the greatest military ma-

chines of our time? Would the success of such a rebellion, which might mean the establishment of a new government precariously based on the same necessity for violence, be any freer or more democratic? It now appears that any gain that the Hungarians can win will come from the non-violent general strike—not the armed rebellion.

The feeling of our culture has traditionally been that it is more manly, more patriotic to give one's life for one's country, even in the face of hopeless odds by killing and destroying as much else (of the enemy's) as you can take with you. It is my feeling that although this is bravery in one sense, was not Deak's bravery even greater, serving humanity as well as his country?

It is becoming increasingly evident to some of us that violence can be suppressed by violence—but non-violence can not. (An example: the Montgomery bus boycott.) By putting Jesus on the shelf of divinity, the church has evaded the question

of whether his ideas will really work.

In an apparently hopeless situation, as the Hungarians found themselves in, would it not seem nobler, braver, and more Christian—and perhaps more success-

ful (it could hardly be less)—to put the same loyalty and energy into non-violence, to be willing to sacrifice one's own life without perpetuating violence and immorality oneself. Would it not be harder for the Russian soldier, as it was 90 years before for the Austrian, to subject a people willing to suffer and die, but who do not return evil? Is this not the way to break through the cycles of provocation and retaliation, of endless eye for an eye, incident for incident life?

Warren G. Harding was the first U. S. president to speak over the radio.

Business and Finance

Maurice P. Angland

The just released 1957 forecast of the National Securities & Research Corporation states—

"As we move into 1957, the automobile industry, one of 1956's soft spots, has begun to firm up, and an additional expansionary force in the form of increased Federal, state and local government spending is making itself felt. Personal consumption expenditures should again increase substantially in 1957 as a growing population and record employment at rising wage rates furnish an expanding flow of disposable income for such expenditures."

"Under conditions of full employment, as we press against the limits of our resources, a \$19 billion increase in the demand for goods and services would add significantly to inflationary pressures. These pressures, in evidence for some time now, reflect steady increases in costs as well as in demand for goods and services. The process is circular; one man's cost is another man's income; and as costs increase, so do the incomes of potential customers, permitting costs to be passed on in the familiar cost-price (or wage-price) spiral.

"Inflationary pressures will be aggravated by international tension. While we do not expect an all-out war between the communist nations and the West, we believe there will continue to be peripheral incidents and crises in various parts of the world.

"The threat of inflation will again be countered by the Federal Reserve's restrictive credit policy and by at least enough fiscal conservatism on the part of the Federal Government to rule out sizable tax cuts. These policies tend to prolong prosperity, even though their immediate effects seem unnecessarily

harsh.

"But the prices of many goods and services will nevertheless continue to creep up, in our opinion. The problem of government will again be to contain the boom."

One of the best business bulletins is that of the Cleveland Trust Co. In the most recent bulletin they point out that a number of industries such as steel, air craft and ship building, have all the business they can handle for some time ahead.

The welded and seamless pipe industry reports that it is sold up thru 1959 on diameters suitable for oil and gas pipe lines and is now opening its order books for 1960 delivery of these diameters. The industry reports heavy demand for other diameters also.

A. N. Lilley, vice president of Texas Co., one of the largest oil producers, addressed a meeting of the American Bankers Association a few days ago. He pointed out that the demand for oil in the U. S., during the past five years, has been growing at the rate of 5 per cent per year, but that European demand has increased at the rate of 12 per cent per year.

He predicted that five years hence the world demand for oil will be nearly double what it is today and about half of the production will be outside of the U. S. He also predicted necessary expenditure for oil production expansion, will be about \$60 billion in the next 10 years.

A committee of Boy Scout and Cub Scout mothers met at the K. A. Halvorson home Friday afternoon to make plans for the annual potluck dinner to be held in the American Legion hall, Feb. 2, at 6:30 pm.

Troop 251 of Orland was well represented at the Klondike derby held at Camp Sullivan, Jan. 19th.

Running under the Bobcat flag were the following boys: Bob Kaiser, Bill Gorney, Ralph Doyle, Buddy Dellapenna, John Neal, Dick Morris, John Taylor, Jerry Nickle, Rod Snyder, Jimmy Yunker and George Daughenbaugh. This sledge came up with 38 nuggets out of a possible perfect score of 55.

Running under the Stag flag were Roger Brown, Earnest Settles, Charles Halvorson, George Flondor, Ted Cooper, Jim and Toney Karas, Jack Higgins and Ed Schweiger, which garnered 29 nuggets. All boys who participated will be given patches which can be worn on the Scout uniform.

The boys will continue with swimming after one week lay-off because of the derby. The boys will leave for Harvey from the Orland school shortly after 8:00 a.m.

A court of honor will be held in the Legion hall at 8 pm. Monday, Jan. 28. Three second class and three merit badge awards will be made. Parents are invited to attend.

Arrangements for the "Mother's March of Dimes" are well under way. This "March" will be made, Thursday evening, Jan.

31 from 7 to 8 pm., when it is planned to cover all of Orland and Orland township. Please have your porch light on if you wish to have a mother stop for your contribution. Those taking part in the "March" are to bring their returns at the close of the march, to the home of Mrs. Karl Ekberg, chairman, 14332 Beacon ave., and join in a cup of coffee and roll.

The Day Circle of the Orland Park Methodist WSCS will meet in Wesley hall, Thursday, Jan. 31 at 11 am. Each attending should bring a sandwich and the hostesses will serve coffee and dessert at noon. Devotions and business session will follow. All members are requested to attend.

Cub Scout den 3 of Palos Highlands met Jan. 16 in the home of Charles Harris. The boys spent the afternoon skating on the small lagoon. They were accompanied to the pond by Den Mother Mrs. Peter Yoman and Mrs. H. Niebrugge whose son Bruce is also a member of den 3 as is also Rickey Eckel. After a cold half hour of skating the group returned to the Anderson home for hot cocoa and cup cakes.

Wednesday evening the board of directors met at the home of Robert Anderson. Present were H. L. Woodbury, G. Carroll, A. Karre, W. Murphy and J. Nelson.

Laura Lynn Niebrugge celebrated her first birthday Jan. 18 with a family party held in the Niebrugge home Saturday evening. The family also celebrated the anniversary of Mrs. Niebrugge's parents, Mr. and Mrs. Rock of Chicago.

Mose Hegyi celebrated his birthday Jan. 19.

Mrs. Yoman was hostess to the mothers of the Cub Scouts of Den 3, Jan. 22. Plans were made for the Blue and Gold dinner.

Mrs. H. G. Niebrugge, Mrs. W. Eckel and Mrs. R. N. Anderson were among those present.

Work Progresses on State Hospital at Tinley

The one-story structure in the foreground (above) will eventually house a laundry for that will serve patients and employees at the Tinley Park state hospital. It will use five to seven thousand gallons of water daily. The building is 74 x 179 feet and the second floor now being laid (left) requires 468 yards of concrete. This bucket in which the concrete is hoisted contains about a mixerful. That structure in the background has nothing to do with the laundry.

Shoveling Out the Dollars

After World War II closed Uncle Sam started on a 4 year program of aid to wartorn European countries, the program to cost \$17 billion in all. Many members of Congress—including the writer—pointed out that if we once embarked upon a program of foreign aid, it would be very difficult to end it when the 4 years were up.

For 12 years now the foreign aid program has been operating on such a scale that today we have paid out a total of not \$17 billion, but \$60 billion.

From December 1955 to December 1956 the International Cooperation Administration increased its force of employees from 7,581 to 10,586—3,000 more employees added to "shovel out our foreign aid dollars more rapidly than they had been shoveled out." And now Congress is being asked to appropriate an additional \$1 billion, over and above the amount appropriated last year, to be shoveled out at the expense of the American taxpayers.

What Price Foreign Aid?

American users of gasoline face a \$1 billion rise in costs as a result of our government's arrangement to furnish 500,000 barrels of crude oil per day to Europe as a result of the Suez Canal fiasco. This \$1 billion increase will be the result of a predicted 2c increase in price per gallon of gasoline used by Americans. (We use about 50 billion gallons of gas per year.)

In 1955 the Federal Treasury took in almost \$1 billion from the Federal 2c tax on gasoline. A jump of 2c per gallon—the estimated increase in the price of gasoline as a result of our export of 500,000 barrels per day—will cost American motor car and truck owners an additional \$1 billion per year.

So, in addition to American taxpayers having to pick up the

tab for the Suez Canal fiasco, there will also be this \$1 billion in increased domestic gasoline costs to be paid.

Dulles' Plan

In presenting the President's Middle East program before the Foreign Affairs committee, secretary of State Dulles listed "six momentous steps" this Nation has already taken to halt communist aggression. Secretary Dulles did not tell the committee what these six momentous steps have cost the American taxpayer. Here are the six steps and their cost:

1. Aid to Middle East, \$804 million, Israel getting more than half.
2. Aid to Greece and Turkey, \$1,769,000,000.
3. The European recovery plan \$35 billion to date.
4. The North Atlantic Treaty Alliance, \$1 billion in the shape of military supplies for our allies.
5. The Korean police action, over \$20 billion, to say nothing about the lives lost, the war casualties suffered, and the pensions, housing and educational facilities we are obligated to supply our veterans.
6. The Korean mutual defense pact and our adventures into the South East Asia, \$3 billion.

In the face of the \$60 billion cost of these "six momentous steps," Secretary Dulles now asks Congress to authorize the

President to send our boys to the Middle East and to continue to hand out billions of Ameri-

The writer has not agreed with all of Ike's program. He disagreed with Ike on the need to raise the national debt limit from \$275 billion to \$290 billion, because it only meant more money to spend. He disagreed with Ike on his government housing program, on the amount of his foreign aid program, and on his opposition to the Bricker amendment.

But the writer agreed with Ike and supported him on all expenditure reductions, on tax re-

Law On The Farm

Tenants of business property, employers and corporations are unpaid tax informants for the Treasury Department. They are required to inform the government concerning amounts they pay to other persons that are likely to be taxable income. Willful failure to file is a criminal offense.

The magic figure for individuals is \$600. If \$600 or more is paid to another as business rent or for services, an information return is due by February 28. Salaries, wages, fees, interest and rent must be included if payment was made in the course of a trade or business (farming included). For example, compensation of \$2,000 to a farm hand for the calendar year would need to be reported. Also payment of a \$650 fee to an attorney, an accountant or other professional person for services to your business would have to be reported.

Ordinarily the tax law states that payment in goods or services constitutes income, and reports must be made in the same way as if cash were used. But this principle does not apply to a farm tenant who pays rent in crop shares. That is, the tenant need not make an information return on crop rent.

This position seems logical because neither the amount nor value of the landlord's share may be readily ascertainable. Sometimes the tenant's and landlord's shares are stored jointly and title may remain with the tenant. Even if not jointly stored, there is a question of what market price to use and at what time. Also, the landlord does not report the crop shares as income until it is converted to cash.

If the farm rent is paid in cash, and it is over \$600 for the year, an information return is required.

As to agricultural corporations they are required to file an information return when they pay out \$100 or more as dividends or patronage refunds. Included are farm and production loan associations and farmer cooperatives.

When a return is required, a separate Form 1099 is used for each payee. It must be transmitted with Form 1096 on or before February 28 of the following year. Tax-exempt organizations are not relieved of filing these forms.

'Slots' Doomed In Cook County, Says Lohman

(CNS)—Sheriff Joseph L. Lohman says he intends to "wipe out slot machines in all sections of the county" before he goes out of office the end of next year.

Lohman, who with 32 deputies seized 80 slot machines in 12 suburban clubs Friday night and Saturday, warned he may invade Chicago in his drive to eliminate the one-armed bandits in fraternal and veterans' organizations.

He termed the week-end raids the greatest strike so far in his campaign against gambling in private clubs.

"Hoodlums who put slots in a private club simply are using it as a cover of illegal activities. The benefits derived by the club from these slots are of a nature," he said.

"All slots inside the county, whether in public or private places, are out. All must go."

Friday nights soon may become known as the sheriff's slot-date night. The Friday night before Christmas the sheriff and his men raided 104 private clubs in the suburbs. They confiscated 13 slots in Evanston, 8 in Blue Island and 6 in Thornton.

In the latest raid, Berwyn was the leader with 18, followed by Calumet City's 16.

Total of slots grabbed in other south county villages last week-end: Lansing 12, Calumet Park 6, Steger 4, and Chicago Heights 1.

In west county towns: River Grove 10, Cicero 8, and Maywood 5.

Painting Farm Machinery Pays

Repainting farm machinery may seem like "frosting on the cake."

But unpainted machines can rust and go to pieces rapidly, says J. W. Matthews, assistant professor of farm shop at the University of Illinois College of Agriculture. This is particularly true of sheet metal and other thin metal parts.

Matthews points out that winter is a good time for repairing and repainting farm machinery if you have a heated shop on your farm.

You can clean all the grease, dirt and loose rust off your machines to get them ready for a repaint job when you check for needed repairs and adjustments. Use a putty knife and

fire brush to get as much of the grime off dry as you can, or use a wire scratch wheel in an electric drill or flexible shaft unit.

Never use gasoline to clean grease and oil off machinery Matthews says. Fire is too much of a hazard. Instead, get a special cleaning solvent from your tank truck driver that is safe to use. Use it later to clean your paint brushes.

A worth-while paint job needs two coats and two different kinds of paint. After you have thoroughly cleaned the machine and the solvent is dry, put on a coat of good metal primer to cover all bare metal. Metallic zinc or red lead based paints are good.

Then finish the job with a coat of the manufacturer's implement enamel that you can get from your dealer. He can also furnish decals that will give a professional look to your finished job.

Chevrolet shows you some important differences in low-priced cars just by

the look on its face!

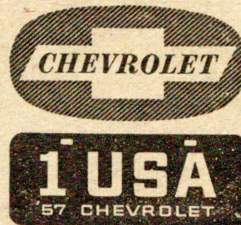

Wouldn't you say that most of the '57 cars look good from 50 feet away, but what about from 50 inches away?

What does a close-up of the grille tell you, for example? Is it solidly made like the new Chevrolet grille? Or, in comparison does it look less rich in design—feel less strong and solid? Compare the quality and construction of the bumpers and headlights, the fit of the chrome trim.

The more closely you look all around the car, the more clearly you'll see that Chevrolet has the edge in the way it's put together. You'll find, for instance, that Chevrolet is the only

car in its field with a lacquer finish . . . that only Chevrolet Bel Air models give you foam rubber cushions in front and rear seats as standard equipment. These are just a few of the advantages of Body by Fisher. And Chevrolet, you know, is the only low-priced car that has a Fisher Body.

We'll be glad to give you a close-up, comparative look at this new Chevy any time you care to come in. This week, maybe?

Legal Notice of Public Hearing
on Amendment to Zoning
Ordinance

NOTICE IS HEREBY GIVEN that the Board of Trustees of the Village of Orland Park, Cook County, Illinois, has referred to the Orland Park Zoning Amendments Commission an ordinance amending that certain ordinance entitled "An Ordinance to Classify, Regulate and Restrict the Locations of Trades, Industries, and the Location of Buildings Designed for Specified Uses, and to Regulate and Limit the Height and Bulk of Buildings Hereafter Erected; to Regulate and Limit the Intensity of the Use of Lot Areas, and to Regulate and Determine the Area of Yards, Courts and Other Open Spaces Within and Surrounding such Buildings, and to Establish the Boundaries of Districts for the said Purposes, and Prescribing Penalties for the Violation of Its Provisions" adopted February 23, 1931 and approved February 27, 1931 as amended, also known as the Zoning Ordinance of the Village of Orland Park, Cook County, Illinois, Ordinance No. 32, which amending ordinance is entitled Revised Zoning Ordinance of 1957 (which amending ordinance is hereafter set forth in full), for the purpose of holding a public hearing to consider said amending ordinance. The Orland Park Zoning Amendments Commission will hold said public hearing on said amending ordinance on the 9th day of February, A. D. 1957, at 3:00 o'clock P.M. Central Standard Time in the Village Hall located on Beacon Street in the Village of Orland Park, Illinois.

Said amending ordinance amends all sections of the ordinance known as the Zoning Ordinance of the Village of Orland Park, Ordinance No. 32, entitled "An Ordinance to Classify, Regulate and Restrict the Locations of Trades, etc." (full title set forth above), and the text of said amending ordinance is as follows:

ORDINANCE No. 32 REVISED ZONING ORDINANCE OF 1957

BE IT ORDAINED by the President and Board of Trustees of the Village of Orland Park, Cook County, Illinois, that that certain ordinance entitled "An Ordinance to Classify, Regulate and Restrict the Locations of Trades, Industries, and the Location of Buildings Designed for Specified Uses, and to Regulate and Limit the Height and Bulk of Buildings Hereafter Erected; to Regulate and Limit the Intensity of the Use of Lot Areas, and to Regulate and Determine the Area of Yards, Courts and Other Open Spaces Within and Surrounding such Buildings, and to Establish the Boundaries of Districts for the said Purposes, and Prescribing Penalties for the Violation of Its Provision" adopted February 23, 1931 and approved February 27, 1931, as amended, is hereby amended to read as follows:

SECTION I. Title

That this Ordinance shall be known as the Revised Zoning Ordinance of 1957 and may be cited as such.

SECTION II. Construction - Definitions

In the construction of this Ordinance the present tense of words used includes the future; the singular number includes the plural and the plural the singular; the word "shall" is mandatory. Except where the context clearly indicates otherwise, the words and phrases set forth below have the following meanings:

Accessory Building: A subordinate building or portion of a main building, the use of which is incidental to that of the main building.

Alley: A public way which affords only secondary means of access to abutting property.

Alteration: Any change in the supporting members of a building such as bearing walls or partitions, columns, beams or girders.

Apartments: A room or suite of rooms, with toilet and culinary accommodations used or designed for use as a single housekeeping unit, located in a building containing two or more such rooms or suites, or in a building devoted to non-residential uses.

Basement: A story wholly or partly underground; this, unless used for tenant purposes, shall not be included as a story for height measurement.

Block: All of that part of one side of a street between two intersecting street dedications or between an intersecting street and a railroad right of way or natural barrier, or between an intersecting street and the dead end of a street.

Boarding House: A building other than a hotel or restaurant where meals are served for compensation, without lodging, for more than three (3) but not more than six (6) persons, exclusive of the family of the operator.

Building: A structure having a roof supported by columns or walls, for shelter, support or enclosure of persons or things.

When separated by walls without openings, extending from ground to roof, each portion of such building shall be considered a separate building.

Building Area: The maximum horizontal projected area of the building and its accessory buildings, excluding only open steps below the first floor level, terraces, uncovered porches, balconies, canopies and cornices projecting not more than three and one-half (3½) feet beyond the wall of the building.

Business: The word "business" or "commercial" when used herein refers to the engaging in the purchase, sale or exchange of goods or services, or the operation for profit of offices or recreational or amusement enterprises.

Commercial: See "Business."

Community Garage: A series of private garages located jointly on a common lot and having no shop or service in connection therewith, with a total capacity of not more than four (4) motor vehicles.

Dissect: A section of the Village of Orland Park for which uniform regulations are established governing the height, area, and use of buildings and premises within it.

Dwelling: Any building or portion thereof which is designed to be used exclusively for residential purposes.

Family: One or more persons related by blood, marriage or adoption, or not to exceed five (5) persons not so related occupying a building or premises as a single housekeeping unit, as distinguished from a group of unrelated persons occupying a boarding house or lodging house.

Filling Station: Any building, or structure, premises, enclosure or other place used for the dispensing, sale or offering for sale at retail of automobile fuels or oils, except such establishments where such fuels or oils are not regularly dispensed to automobiles. Where such use is incidental to the conduct of a public garage the premises are classified as a public garage.

Garage, Private (Business): A private garage (business) is an enclosed space within or attached to a business, commercial or industrial building, or an accessory building designed or used for the storage of motor vehicles used in connection with the business.

Garage, Private (Residential): A private garage (residential) is a compartment within or attached to a dwelling or an accessory building designed or used for the storage of the private automobiles of the occupants of the dwelling.

Gasoline: Any building or premises where three or more motor vehicles using inflammable liquids for fuel or power are kept for sale, or rent, or are housed, stored, serviced or repaired for hire.

Hau Story: That portion of a building under a sloping roof, the wall plates of which on at least two opposite exterior walls are not more than three feet above the floor level of such story.

Height of Building: The vertical distance measured from the sidewalk level, or its equivalent established grade, opposite the middle of the front of the building, to the highest point of the building for flat roofs, to the deck line for mansard roofs, and to the mean height level (between the ridges and eaves) for gable or hip roofs, except that the height of accessory buildings shall be measured from the floor level. Where a building is located on a terrace, the height shall be measured from the average ground level or the terrace at the front bounding wall.

Home Occupation: Any occupation carried on by a member of the family residing on the premises, in connection with which there is no sign other than a nameplate not more than one (1) square foot in area, no stock in trade is kept, no commodity is sold on the premises, no person is employed other than a member of the immediate family residing on the premises, no mechanical equipment is used except such as is permissible for purely domestic or household purposes.

Hotel: A building in which lodging, with or without meals, is offered to transient guests for compensation and in which there are sleeping accommodations for more than six (6) persons, other than the hotel staff, with no cooking facilities in any individual room or suite of rooms except in rooms occupied by the owner or manager, including motels and tourist cabins, but not including trailer or tourist camps.

Lodging House: A building where lodging, with or without meals, is provided for compensation with sleeping accommodations for more than three (3) but not exceeding six (6) people, exclusive of those used by the owner or manager and members of his family, but not including motels, tourist cabins, or tourist or trailer camps.

Lot: A parcel of land used or intended to be used as a unit, occupied or to be occupied by a building and its accessory buildings, together with such open spaces as are required by this Ordinance, and having its principal frontage upon a street or officially approved place.

Lot-Corner: A lot situated at the intersection of two streets for the purposes of zoning the

frontage of a corner lot shall be the shortest street frontage of the lot.

Lot Depth: The mean horizontal distance between the front and rear lines of the lot.

Lot Interior: A lot other than a corner lot.

Lot Lines: The lines bounding a lot as defined herein.

Lot of Record: A parcel of land that is part of a subdivision of public record in Cook County, Illinois.

Lot - Through: An interior lot having frontage on two streets, or a corner lot having frontage on three streets.

Lot Width: The mean distance between the side lines of the lot.

Non-Conforming Use: A use of a building or premises which does not conform to the regulation applicable to the district in which such building or premises is located.

Professional Office: A professional office, in a residential district, is one whose use is incidental to the residential occupancy of the building, and is conducted entirely within such building, including only the offices of doctors or practitioners, ministers, architects, engineers, landscape architects, lawyers, artists, authors, musicians, and other professional occupations customarily conducted within residences.

Story: That portion of a building included between the surface of any floor and the surface of the floor next above it. If there be no floor above it, then the space between such floor and the ceiling next above it.

Street: A public way which affords principal means of access to abutting property.

Street Lines: The dividing line between the street and the lot, also designated as the property line.

Structure: Anything constructed or erected, the use of which requires more or less permanent location on the ground or attached to something having a permanent location on the ground.

Terrace: A natural or artificial earthen embankment between a building and the lot line; the height of a terrace is the difference in elevation between the average sidewalk level or its equivalent established grade and the average elevation of the terrace at the building wall.

Yard Front: An open, unoccupied space extending from the front line of the main building to the street line for the full width of the lot. The front line of the building is the line of that portion of the main wall nearest to, and facing the street, including sun parlors and enclosed porches, and excluding only open steps below the first floor level, entrance ways, bay windows, open porches and terraces, none of which may extend more than three and one-half (3½) feet from the building, and fences and walls not more than three and one-half feet in height.

Yard Rear: An open space between the rear line of the lot and the rear line of the main building, for the full width of the lot, and unoccupied except for authorized accessory buildings.

Yard Side: An open unoccupied space on the same lot with a building between the side line of the main building and the side line of the lot extending from the front yard to the rear yard.

Zone: See "District."

SECTION III. District Regulations

Districts - Boundaries: in order to classify, regulate and restrict the locations of residences, trades and industries, and the location of buildings designed for specific uses, and to regulate and limit the height and bulk of buildings hereafter erected or altered, to regulate and limit the intensity of the use of lot areas, to regulate and determine the area of yards, courts and other open spaces within and surrounding such buildings, the Village of Orland Park is hereby divided into five (5) districts. The use, height and area regulation shall be uniform within each district and said districts shall be known as follows:

Class "A" - Residential District

Class "B" - Residential District

Class "C" - Commercial District

Class "D" - Light Industrial District

Class "E" - Heavy Industrial District

The boundaries of the foregoing districts are shown upon the map, which is hereto attached and made a part of this Ordinance. The Zone Map and other matters shown thereupon are hereby made a part of this Ordinance and shall have the same force and effect as if said map and all the notations, references and other matters shown thereupon were fully described or set forth herein.

All territory hereafter annexed to the Village of Orland Park shall conform to the zoning set forth in the official plan adopted by the Village of Orland Park and on file with the Village Clerk and if not included on said official plan, shall be in the Class "A" Residential District.

Whenever any street, alley or other public way is vacated by the President and Board of Trustees, or other proper authority, the districts adjoining each side of such street, alley or public way shall automatically extend to the center of such vacation and all areas included in the

vacation shall then and henceforth be subject to all appropriate regulations of the extended districts.

Except as hereinafter provided:

(1) No building shall be erected or altered, nor shall any building or premises be used for any purpose other than is permitted in the district in which such building or premises is located.

(2) No building shall be erected or altered to exceed in height the limit herein established for the district in which such building is located.

(3) No building shall be erected nor shall any existing building be altered, enlarged or rebuilt, nor shall any open spaces be encroached upon or reduced in any manner, except in conformity with the regulations hereby established for the district in which the building is located.

(4) No accessory building shall be constructed more than fourteen (14) feet in height. No accessory building shall contain living quarters except as herein provided.

SECTION IV. Class "A" Residential District Regulations

In the Class "A" Residential District no building or premises shall be used and no building shall be erected or altered which is intended or designed to be used for other than the following uses, unless otherwise provided herein:

Principal Uses.

1. Single family dwelling.
2. Churches.
3. Public schools, elementary or high, and educational institutions having a curriculum equivalent to that of a public school or institution of higher learning.
4. Libraries, or museums, publicly owned and not conducted for profit.
5. Public Parks and Playgrounds and essential accessory buildings and structures.
6. Governmental Buildings, structures and utilities, local, state and Federal.

Incidental Uses.

1. Home occupation and Professional offices.
2. Accessory buildings located on the same lot, including one garage located in the rear yard, not less than ten (10) feet from the main building and not less than three (3) feet from the rear or side lot lines, or a private garage constructed as part of the main building, accommodating not more than three automobiles, of which one may be a commercial vehicle of not more than one and one-half (1½) tons capacity. Accessory

buildings shall not occupy more than ten (10) percent of the area of any lot.

3. Bulletin Boards for churches or public buildings, not exceeding ten (10) square feet in area.

4. Signs advertising the sale or lease of all or part of the premises upon which they are erected and not exceeding six (6) square feet in area, provided they are removed when such sale or lease is effected.

Height Regulations.

No building hereafter shall be erected or altered exceeding thirty-five (35) feet or two and one-half (2½) stories in height.

Area Regulations.

1. There shall be a front yard of not less than twenty-five (25) feet in depth, except if thirty (30) percent or more of the frontage of a block is improved with buildings that have observed a greater front yard no new building or portion thereof shall project beyond a straight line drawn between the point closest to the street line of the residence upon either side of the proposed structure or, if there be residences upon only one side, then beyond the straight line projected from the front of the two (2) nearest residences, but this regulation shall not be interpreted to require a front yard of more than thirty (30) feet.
2. Buildings on through lots shall provide the required front yard on both street frontages.
3. Where front yards have been established or may be established on each of two intersecting streets, there shall be a front yard on each street side of the corner lot. No accessory buildings on a corner lot shall project beyond the building line into the front yard.
4. Side Yard - There shall be a side yard on each side of the lot the width of which shall not be reduced to less than five (5) feet at any point.
5. Rear Yard - There shall be a rear yard of not less than fifteen (15) feet.

Intensity of Use.

No building with its accessory buildings shall occupy more than thirty (30) percent of the area of an interior lot nor more than thirty-five (35) percent of the area of a corner lot. No dwelling shall be hereafter erected or altered on any lot of less area than seven thousand five hundred (7,500) square feet. Interior lots shall have a minimum width of sixty (60) feet at the building line and forty (40) feet at the front and rear lot lines and corner lots shall have a minimum width of seventy (70) feet at the building line and fifty (50) feet at the front and rear lot lines. The building line as used herein shall be that boundary line of the front yard which lies opposite the street line thereof.

A single family dwelling only may be erected on a lot of record that contains less area or is not as wide as the regulations hereinabove set forth, provided that said lot of record was not on the effective date of this Ordinance or any subsequent date under the same ownership as any one or more adjoining lots of record or lots or parcels of land or any part thereof. In the event said lot of record was on the effective date of this Ordinance or any subsequent date under the same ownership as any one or more adjoining lots of record or lots or parcels of land or any part thereof the requirements as to intensity of use set forth in this section shall nevertheless apply from and after the date of such common ownership to the extent that compliance may be or was possible with the provisions of this section of this Ordinance through the relocation of lot lines or the redimension or combination of such lot of record with any one or more adjoining lots of record or parcels of land or any part thereof by such owner into one or a fewer number of lots that would meet the requirements of this section. Compliance shall in all instances be made with the front, side and rear yard regulations of this district.

No separate building or structure shall be erected between the front wall of an existing main building or structure and the street line. Only one (1) main building shall be erected on any lot.

SECTION VI. Class "C" Commercial District

Area Regulations.

1. Front Yard. No front yard shall be required in the "E" Heavy Industrial District except that on 143rd Street there shall be a setback on all lots abutting either side thereof of not less than fifty-five (55) feet as measured from the center line of said 143rd Street.

2. Side Yard. None required.
3. Rear Yard. None required.

Intensity of Use.
Same as Class "D" Light Industrial District.

SECTION IX. Off Street Parking, for Motor Vehicles

For each building hereafter erected or altered which is intended or designed to be used for any of the following purposes, there shall be provided adjacent off-street parking for motor vehicles:

1. Dwellings and apartments. Space for parking one vehicle for each family housed in the building.

2. Hotels and Lodging Houses. Space for parking one vehicle for each four guest rooms.

3. Theatres and Places of Public Assembly. Space for parking one vehicle for each four seats.

4. Retail Stores and Restaurants. Space for parking motor vehicles shall be designated at the ratio of three (3) square feet of parking area for each square foot of floor area of the building.

5. Industrial and Commercial. Unless otherwise provided for in this Section off-street parking shall be provided for at a ratio of two (2) square feet of parking area for each square foot of ground floor area of the structure or building used.

The minimum ground space required for each motor vehicle shall be two hundred twenty (220) square feet.

SECTION X. Non Conforming Uses

1. The lawful use of a building or premises existing at the effective date of this Ordinance may be continued although such use does not conform to the provisions hereof.

2. No building whose use does not conform to the provisions of this Ordinance shall be enlarged, extended, reconstructed or structurally altered, except when required by law or ordinance, unless such use is changed to a use permitted in the district in which such building or premises is located.

3. A non conforming use may be changed to a conforming use. Whenever such change has been made, the use shall not thereafter

be changed to a non conforming use.

4. No building which has been damaged by fire, explosion, act of God or public enemy to the extent of more than seventy five (75) percent of its assessed value (excluding foundations) shall be restored except in conformity with this Ordinance.

5. The Board of Trustees, by written permission, may authorize, for a period not exceeding one year, the erection of a temporary building in any district for use in connection with building operations or the residential development of the district.

6. The Board of Trustees, after public notice and hearing and upon a finding of public convenience and necessity, may authorize, in any district, regardless of classification, the use of land or the erection and installation of any building or structure by a public service corporation for public utility, semi-public institutions, hospitals, orphanages, telephone exchange buildings, television, facsimile, or frequency modulated radio stations, private schools and cemeteries.

SECTION XI. Termination of Non Conforming Uses.

All non conforming uses in any district shall be discontinued upon transfer of ownership or termination of the existing lease, as the case may be, of the person in possession as owner or lessee of the property devoted to such non conforming use on the effective date of this Ordinance, unless then maintained in a building designed for such non conforming use which is not older than fifty (50) years, or in a building designed for such non conforming use which has been reconstructed or enlarged in a major part within fifty (50) years, in which event such non conforming use of the building shall discontinue when fifty (50) years have lapsed from the time when it was erected, reconstructed or so enlarged.

SECTION XII. Exceptions, Height, Area

The height regulations prescribed in this Ordinance shall be subject to the following exceptions:

1. Public, semi-public or public service buildings, churches, hospitals or schools may be erected to a height of not to exceed sixty (60) feet, provided that if a building is so located in a residential district it shall be set back from each property line at least one (1) foot for each additional two (2) feet above the building height limit for the district.

2. Chimneys, cooling towers, elevator bulk heads, stacks, tanks, water towers, ornamental towers, spires, radio towers, or necessary appurtenances, may be erected to a height in accordance with existing or hereafter adopted ordinances of the Village of Orland Park.

The following area regulations prescribed in this Ordinance shall be subject to the following exceptions:

1. Sills, belt courses, cornices and ornamental features may project not to exceed four (4) inches into the required yard. Chimneys or bay windows may extend not to exceed twelve (12) inches from the main body of the building. The eaves may overhang not more than twelve (12) inches without being deemed an encroachment on the yard area.

2. No yard or open space provided about any building in compliance with the provisions of these regulations shall be considered as a yard or open space for another building, except that open areas on the same lot with the main building and devoted to vehicular parking may be used in computing open spaces provided for and required by this Ordinance.

SECTION XIII. Board of Appeals

1. Creation, Membership.
A Board of Appeals is hereby established. The word "Board" when used in this Section shall be construed to mean the Board of Appeals. The said Board shall consist of seven (7) members appointed by the President of the Village and subject to confirmation by the Board of Trustees. The members of said Board shall serve respectively for the following terms:

One (1) for one (1) year,
One (1) for two (2) years,
One (1) for three (3) years,
One (1) for four (4) years,
One (1) for five (5) years,
One (1) for six (6) years, and
One (1) for seven (7) years,

and successors to each member shall serve for a term of five (5) years. One of the members shall be appointed Chairman by the President of the Village and shall serve as Chairman until his successor has been appointed and qualified. The members of the Board of Appeals and the Chairman thereof in office at the time of adoption of this Ordinance shall continue as members of the new Board herein established for the terms for which they were appointed and until their successors are appointed and qualified.

All members of the Board shall serve without compensation and shall be subject to removal by the President and Board of Trustees for cause after public hearing.

2. Jurisdiction

The Board of Appeals shall hear and decide appeals from

and review any order, requirement, decision or determination made by the Building Commissioner. It shall also hear and decide all matters referred to it or upon which it is required to pass under this Ordinance. The concurring votes of four members of the Board shall be necessary to reverse any order, requirement, decision or determination of the Building Commissioner or to decide in favor of the applicant any matter upon which it is required to pass under this Ordinance.

3. Meetings, Procedure

All meetings of the Board of Appeals shall be held at the call of the Chairman and at such other times as the Board may determine. The Chairman, or, in his absence, the Acting Chairman may administer oaths and compel the attendance of witnesses. All meetings of the Board shall be open to the public. The Board shall keep minutes of its proceedings, showing the vote of each member on every question, or if absent or failing to vote, indicating such fact, and shall also keep records of its examinations and other official actions. Findings of fact shall be included in the minutes of each case of a requested variation, and a statement specifying the reasons for recommending or not recommending such variation. Every rule, regulation, amendment or repeal thereof, and every order, requirement, decision or determination of the Board shall immediately be filed in the office of the Board and shall be a public record. The Board shall adopt its own rules of procedure, not in conflict with the statute in such cases made and provided.

4. Appeal and Review

An appeal may be taken from any order or decision of the Building Commissioner by any person aggrieved or by an officer, department, board or bureau of the Village. Such appeal shall be taken within such time as shall be prescribed by the Board of Appeals by general rule, by filing with the Building Commissioner and with the Board, a notice of appeal, specifying the grounds thereof. The Building Commissioner shall forthwith transmit to the board all of the papers constituting the record upon which the action appealed from was taken.

5. Hearings on Appeal

The Board shall fix a reasonable time for the hearing of the appeal and give due notice thereof to the parties and decide the same within a reasonable time. Upon the hearing, any party may appear in person, or by agent, or by attorney. The Board may reverse or affirm wholly or in part or may modify any order, requirement, decision or determination appealed from and may make such order or finding as in its opinion ought to be made in the premises and to that end shall have the power of the officer from whom the appeal is taken.

6. Stay of Proceedings

An appeal stays all proceedings in furtherance of the action appealed from, unless the Building Commissioner certifies to the Board after the notice of appeal has been filed with him that by reason of facts stated in the certificate, a stay would, in his opinion, cause imminent peril to life or property, in which case the proceedings shall not be stayed otherwise than by a restraining order, which stay may be granted by the Board or by a court of record on application, on notice to the Building Commissioner and on due cause shown.

7. Appeal to Court

Any person or persons jointly or severally aggrieved by any decision of the Board, or any officer, department, board or bureau of the Village may present to a court of record a petition duly verified, setting forth that such decision is illegal in whole or in part, specifying the grounds of the illegality. Such petition must be presented to the court within thirty-five (35) days after the filing of the decision of the Board in the office of the Board. If upon presentation of such petition the court shall allow a Writ of Certiorari directed to the Board to review such decision of the Board, the allowance of such Writ shall not stay the proceedings upon the decision of the Board appealed from, but the court may, on application, on notice to the Board, and on due cause, grant a restraining order.

The Board shall not be required to return, in response to such Writ of the court, the original papers acted upon by the Board, but it shall be sufficient to return certified or sworn copies thereof or such portions as may be called for in such Writ. The return of the Board required by such Writ must concisely set forth such other facts as may be pertinent and material to show the grounds of the decision appealed from, and such return must be verified.

8. Variations

The Board of Trustees of the Village, by ordinance, may determine and vary the application of the provisions of this ordinance in harmony with their general purpose and intent, and in so doing may take into account the nature and development of the surrounding area. In accordance with the rules adopted by this ordinance, variations of the provisions thereof must be accompanied by findings of fact and a statement of

the reasons for making the variation, in cases where there are practical difficulties or particular hardship in the way of carrying out the strict letter of any of the provisions of this ordinance relating to the use, construction or alteration of buildings or structures or the use of land. However, no such variation shall be made by the Board of Trustees except in a specific case, and after a public hearing before the Board of Appeals, all as provided by the laws of the State. The report of the Board of Appeals shall include findings of fact and a statement of the reasons why a variation is or is not recommended.

No variation in the application of the provisions of this ordinance shall be made by the Board of Trustees concerning the use of land, the intensity of use, the size, shape or location of courts or open spaces, or the height of structures, unless the Board of Trustees shall find that such variation: (1) will not impair an adequate supply of light and air to the adjacent property; (2) will not increase the hazard from fire and other dangers to said adjacent property; (3) will not diminish the taxable value of lands and buildings throughout the Village; (4) will not unduly increase the congestion in the public streets; and (5) will not otherwise impair the public health, safety, comfort, morals and welfare of the inhabitants of the Village. The Board of Appeals shall not recommend such variation to the Board of Trustees unless its report shall include such findings. No variation shall be made in any case unless the same shall also comply with the following limitations:

(a) Such a variation whether applicable to new buildings or to additions to or alterations or extensions of existing buildings, shall not reduce the required dimensions of open spaces by more than twenty percent (20%) in all Districts, nor reduce the required total area of open spaces by more than ten percent (10%) in all Districts, nor reduce the required total lot area in any District by more than five percent (5%);

(b) Such a variation shall not permit an increase in the height of buildings by more than ten percent (10%), above the maximum height permitted by this ordinance.

The Board of Trustees may impose such conditions and restrictions upon the use of the premises benefited by a variation as may be necessary to minimize the effect of such variation upon adjacent property. The Board of Appeals, in recommending a variation to the Board of Trustees, may recommend the imposition of such conditions and restrictions.

SECTION XIV. Occupancy Permits

No land shall be occupied or used and no building hereafter erected or altered shall be occupied or used in whole or in part for any purpose whatsoever until a certificate of occupancy shall have been issued by the Building Commissioner stating that the building and use comply with the provisions of this Ordinance. No change shall be made in the use of a building without a permit having first been issued by the Building Commissioner and no permit shall be issued to make such change unless it is in conformity with the provisions of this ordinance.

SECTION XV. Interpretation - Purpose/Conflict

The provisions of this Ordinance, in their interpretation and application shall be held to be the minimum requirements for the promotion of the public health, safety, morals and general welfare. It is not intended by this Ordinance to interfere with or abrogate or annul any ordinances, rules or regulations previously adopted or issued, and not in conflict with any of the provisions of this Ordinance, or which shall be adopted or issued, pursuant to law, relating to the use of buildings or premises; nor is it intended by this Ordinance to interfere with or abrogate or annul any easements, covenants or other agreements between parties, provided, however, that where this Ordinance imposes a greater restriction upon the use of buildings or premises or upon the height of buildings, or requires a greater open space than are required or imposed by such ordinances, easements, covenants or agreements, rules or regulations the provision of this Ordinance shall control.

SECTION XVI. Violation - Penalty

Any person violating any provision of this Ordinance or resisting the enforcement thereof shall, upon conviction, be fined not less than twenty (25) dollars and not more than two hundred (200) dollars for each offence. Each day such violation shall continue shall constitute a separate offense.

In case any building or structure is erected, constructed, reconstructed, altered, repaired, converted, or maintained, or any building, structure, or premises is used in violation of this Ordinance or other regulation made under the authority conferred thereby, the Village of Orland Park, in addition to other remedies, may institute

LEGAL NOTICE

any appropriate action or proceedings to prevent such unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance or use, to restrain, correct or abate such violation, to prevent the occupancy of such building, structure or premises, or to prevent any illegal act, conduct, or use, in or about such premises.

SECTION XVII. Enforcement

The Building Commissioner is hereby designated and authorized to enforce this Ordinance.

SECTION XVIII. Boundaries of Districts

1. The district boundaries are either streets or alleys, unless otherwise shown, and where the designations on the Zone Map indicate that the various districts are approximately bounded by streets or alley lines, such alleys or streets shall be construed to be the boundaries of such districts.

2. Where district boundaries are not streets or alleys, and where the property has been or may hereafter be divided into blocks and lots, and where the designations on the Zone Map indicate that the various districts are approximately bounded by lot lines, such lot lines shall be construed to be the boundaries of such districts.

3. Where the district boundaries are not shown by streets or alleys, or lot or block lines, the district boundaries shall be determined by use of the scale shown on the Zone Map.

SECTION XIX. Amendments

The regulations imposed and the districts created by this Ordinance may be amended from time to time by ordinance, but no such amendments shall be made without a hearing before some commission or committee designated by the Board of Trustees of the Village of Orland Park prior to the time of such hearing. The Board of Appeals is hereby designated the Commission or Committee for the purpose of conducting such hearing. Proposed amendments may be initiated by the Board of Trustees, by the Plan Commission or by any one or more owners of real estate in the Village of Orland Park, Illinois. When initiated by an owner or owners of real estate in the Village of Orland Park, said owner or owners shall file a written petition with the Village Clerk in the form prescribed by the Board of Trustees, which petition shall be signed by such owner or owners and shall designate the changes proposed to be made by such amendment, and said owner or owners shall also at the time of filing said petition pay the sum of fifty (50) dollars as a filing fee for the filing of said petition in the event said petition requests a change in the use district of real estate described in said petition, and under said circumstances, said owner or owners shall pay in addition to the aforementioned filing fee all publication fees, engineers' fees, stenographic fees and attorneys' fees that may be incurred in the matter of the proposed change in the use district of said real estate.

Notice of such hearing, designating the changes in the regulations or in the district boundary lines proposed to be made by such amendment and the time and place of the hearing, shall be published once not less than fifteen (15) nor more than thirty (30) days before the hearing in a newspaper published in the Village or if none, a newspaper in general circulation in the Village.

At such hearings all interested persons shall be given an opportunity to be heard on the matter of changes and present evidence with respect to such changes proposed to be made by such amendment. The hearing may be adjourned from time to time without further notice.

Within a reasonable period of time after final adjournment of the hearing, the Board of Appeals shall make its written report to the Board of Trustees, stating its findings of fact, its conclusions and its recommendations with respect to the changes proposed to be made with the reason therefor.

In case of written protest against the proposed amendment, signed and acknowledged by the owners of twenty (20) percent of the frontage proposed to be altered, or by the owners of twenty (20) percent of the frontage immediately adjoining or across an alley therefrom, or by the owners of twenty (20) percent of the frontage directly opposite the frontage proposed to be altered as to such regulations or district, filed with the Village Clerk, such amendments shall not be passed, except by a favorable vote by two-thirds (2/3) of all of the members of the Board of Trustees.
